# NOTE 1-THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of Operations**

Angi Inc. connects quality home service professionals with consumers across more than 500 different categories, from repairing and remodeling homes to cleaning and landscaping. During the three months ended March 31, 2023, over 206,000 transacting service professionals actively sought consumer matches, completed jobs, or advertised work through Angi Inc. platforms. Additionally, consumers turned to at least one of our brands to find a service professional for approximately 29 million projects during the twelve months ended March 31, 2023.

The Company has four operating segments: (i) Ads and Leads; (ii) Services; (iii) Roofing; and (iv) International (consisting of businesses in Europe and Canada) and operates under multiple brands including Angi, HomeAdvisor, Handy, Total Home Roofing, and Angi Roofing.

Ads and Leads provides service professionals the capability to engage with potential customers, including quote and invoicing services, and provides consumers with tools and resources to help them find local, pre-screened and customer-rated service professionals nationwide for home repair, maintenance and improvement projects. Services consumers can request household services directly through the Angi platform and Angi fulfills the request through the use of independently established home services providers engaged in a trade, occupation and/or business that customarily provides such services. The matching and pre-priced booking services and related tools and directories are provided to consumers free of charge. Roofing provides roof replacement and repair services through its wholly-owned subsidiary Angi Roofing, LLC.

As used herein, "Angi," the "Company," "we," "our," "us," and similar terms refer to Angi Inc. and its subsidiaries (unless the context requires otherwise).

At March 31, 2023, IAC Inc., formerly known as IAC/InterActiveCorp ("IAC") owned 83.9% and 98.1% of the economic interest and voting interest, respectively, of the Company.

#### **Basis of Presentation and Consolidation**

The Company prepares its consolidated financial statements in accordance with U.S. generally accepted accounting principles ("GAAP"). The consolidated financial statements include the accounts of the Company, all entities that are wholly-owned by the Company and all entities in which the Company has a controlling financial interest. All intercompany transactions and balances between and among the Company and its subsidiaries have been eliminated. See "<u>Note 10—Related Party Transactions with IAC</u>" for information on transactions between Angi and IAC.

The Company is included within IAC's tax group for purposes of federal and consolidated state income tax return filings. For the purpose of these financial statements, income taxes have been computed on an as if standalone, separate return basis. Any differences between taxes currently payable to or receivable from IAC under the tax sharing agreement between the Company and IAC and the current tax provision or benefit computed on an as if standalone, separate return basis for GAAP are reflected as adjustments to additional paid-in capital and as financing activities within the statement of cash flows.

In management's opinion, the unaudited interim consolidated financial statements have been prepared on the same basis as the annual consolidated financial statements and reflect all adjustments, consisting of normal and recurring adjustments, necessary for the fair presentation of the Company's consolidated financial position, consolidated results of operations and consolidated cash flows for the periods presented. Interim results are not necessarily indicative of the results that may be expected for the full year. The accompanying unaudited interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2022.

#### Segment Changes

As a result of management's continued assessments of reporting structure, there was a decision in the fourth quarter of 2022 to refine segments to more effectively measure the businesses' performance. Management has identified four reportable

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

segments with discrete financial results to appropriately match operating costs to the revenues generated for these businesses (Ads and Leads, Services, Roofing and International). Our financial information for the first quarter of 2022 has been recast to conform to the current period presentation.

#### **Accounting Estimates**

Management of the Company is required to make certain estimates, judgments, and assumptions during the preparation of its consolidated financial statements in accordance with GAAP. These estimates, judgments, and assumptions impact the reported amounts of assets, liabilities, revenue, and expenses and the related disclosure of assets and liabilities. Actual results could differ from these estimates.

On an ongoing basis, the Company evaluates its estimates and judgments, including those related to: the fair values of cash equivalents and marketable debt securities; the carrying value of accounts receivable, including the determination of the allowance for credit losses; the determination of the customer relationship period for certain costs to obtain a contract with a customer; the recoverability of right-of-use assets ("ROU assets"); the useful lives and recoverability of definite-lived intangible assets and capitalized software, leasehold improvements, and equipment; the recoverability of goodwill and indefinite-lived intangible assets; unrecognized tax benefits; the valuation allowance for deferred income tax assets; and the fair value of and forfeiture rates for stock-based awards, among others. The Company bases its estimates and judgments on historical experience, its forecasts and budgets, and other factors that the Company considers relevant.

#### **General Revenue Recognition**

The Company accounts for a contract with a customer when it has approval and commitment from all parties, the rights of the parties and payment terms are identified, the contract has commercial substance and collectability of consideration is probable. Revenue is recognized when control of the promised goods or services is transferred to the Company's customers and in the amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services.

The Company's disaggregated revenue disclosures are presented in "Note 7—Segment Information,"

From January 1, 2020 through December 31, 2022, Services recorded revenue on a gross basis. Effective January 1, 2023, we modified the Services terms and conditions so that the service professional, rather than Angi Inc., has the contractual relationship with the consumer to deliver the service and our performance obligation to the consumer is to connect them with the service professional. This change in contractual terms requires revenue be reported as the net amount of what is received from the consumer after deducting the amounts owed to the service professional providing the service effective for all arrangements entered into after December 31, 2022. This change in accounting treatment resulted in a decrease in revenue of \$25.7 million for the three months ended March 31, 2023. There is no impact to operating loss or Adjusted EBITDA from this change in revenue recognition.

### **Deferred Revenue**

Deferred revenue consists of payments that are received or are contractually due in advance of the Company's performance obligation. The Company's deferred revenue is reported on a contract-by-contract basis at the end of each reporting period. The Company classifies deferred revenue as current when the remaining term or expected completion of its performance obligation is one year or less. At December 31, 2022, the current and non-current deferred revenue balances were \$50.9 million and \$0.1 million, respectively, and during the three months ended March 31, 2023, the Company recognized \$31.9 million of revenue that was included in the deferred revenue balance as of December 31, 2022. At December 31, 2022, the current and non-current deferred revenue balances were \$53.8 million and \$0.1 million, respectively, and during the three months ended March 31, 2022, the Company recognized \$35.5 million of revenue that was included in the deferred revenue balance as of December 31, 2021.

The current and non-current deferred revenue balances at March 31, 2023 are \$50.2 million and less than \$0.1 million, respectively. Non-current deferred revenue is included in "Other long-term liabilities" in the accompanying consolidated balance sheet.

#### Practical Expedients and Exemptions

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued) (Unaudited)

For contracts that have an original duration of one year or less, the Company uses the practical expedient available under Accounting Standards Codification ("ASC") ASC 606, applicable to such contracts and does not consider the time value of money.

In addition, as permitted under the practical expedient available under ASC 606, the Company does not disclose the value of unsatisfied performance obligations for (i) contracts with an original expected length of one year or less, (ii) contracts with variable consideration that is allocated entirely to unsatisfied performance obligations or to a wholly unsatisfied promise accounted for under the series guidance, and (iii) contracts for which the Company recognizes revenue at the amount which the Company has the right to invoice for services performed.

### Assets Recognized from the Costs to Obtain a Contract with a Customer

The Company uses a portfolio approach to assess the accounting treatment of the incremental costs to obtain a contract with a customer. The Company recognizes an asset for these costs if we expect to recover those costs. To the extent that these costs are capitalized, the resultant asset is amortized on a systematic basis consistent with the pattern of the transfer of the services to which the asset relates.

The Company has determined that commissions paid to employees pursuant to certain sales incentive programs meet the requirements to be capitalized as the incremental costs to obtain a contract with a customer. When customer renewals are expected and the renewal commission is not commensurate with the initial commission, the average customer life includes renewal periods. Capitalized commissions paid to employees pursuant to these sales incentive programs are amortized over the estimated customer relationship period and are included in "Selling and marketing expense" in the accompanying statement of operations. The Company calculates the anticipated customer relationship period as the average customer life, which is based on historical data.

For sales incentive programs where the anticipated customer relationship period is one year or less, the Company has elected the practical expedient to expense the commissions as incurred.

The current capitalized sales commissions are \$33.8 million and \$37.2 million at March 31, 2023 and December 31, 2022, respectively. The noncurrent capitalized sales commissions are \$2.5 million and \$1.9 million at March 31, 2023 and December 31, 2022, respectively. The current and noncurrent capitalized sales commissions are included in "Other current assets" and "Other non-current assets" in the accompanying balance sheet.

#### **Fair Value Measurements**

The Company categorizes its financial instruments measured at fair value into a fair value hierarchy that prioritizes the inputs used in pricing the asset or liability. The three levels of the fair value hierarchy are:

- Level 1: Observable inputs obtained from independent sources, such as quoted market prices for identical assets and liabilities in active markets.
- Level 2: Other inputs, which are observable directly or indirectly, such as quoted market prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in markets that are not active and inputs that are derived principally from or corroborated by observable market data. The fair values of the Company's Level 2 financial assets are primarily obtained from observable market prices for identical underlying securities that may not be actively traded. Certain of these securities may have different market prices from multiple market data sources, in which case an average market price is used.
- Level 3: Unobservable inputs for which there is little or no market data and require the Company to develop its own assumptions, based on the best information available in the circumstances, about the assumptions market participants would use in pricing the assets or liabilities.

The Company's non-financial assets, such as goodwill, intangible assets, ROU assets, capitalized software, leasehold improvements and equipment are adjusted to fair value only when an impairment is recognized. Such fair value measurements are based predominantly on Level 3 inputs.

### **Recent Accounting Pronouncements**

There are no recently issued accounting pronouncements adopted or that have not yet been adopted by the Company that are expected to have a material effect on the results of operations, financial condition, or cash flows of the Company.

### Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

#### NOTE 2—INCOME TAXES

The Company is included within IAC's tax group for purposes of federal and consolidated state income tax return filings. In all periods presented, the income tax provision and/or benefit has been computed for the Company on an as if standalone, separate return basis and payments to and refunds from IAC for the Company's share of IAC's consolidated federal and state tax return liabilities/receivables calculated on this basis have been reflected within cash flows from operating activities in the accompanying consolidated statement of cash flows. The tax sharing agreement between the Company and IAC governs the parties' respective rights, responsibilities and obligations with respect to tax matters, including responsibility for taxes attributable to the Company, entitlement to refunds, allocation of tax attributes and other matters and, therefore, ultimately governs the amount payable to or receivable from IAC with respect to income taxes. Any differences between taxes currently payable to or receivable from IAC under the tax sharing agreement and the current tax provision or benefit computed on an as if standalone, separate return basis for GAAP are reflected as adjustments to additional paid-in capital in the consolidated statement of shareholders' equity and financing activities within the consolidated statement of cash flows.

At the end of each interim period, the Company estimates the annual expected effective income tax rate and applies that rate to its ordinary year-todate earnings or loss. The income tax provision or benefit related to significant, unusual, or extraordinary items, if applicable, that will be separately reported or reported net of their related tax effects are individually computed and recognized in the interim period in which they occur. In addition, the effect of changes in enacted tax laws or rates, tax status, judgment on the realizability of a beginning-of-the-year deferred tax asset in future years or unrecognized tax benefits is recognized in the interim period in which the change occurs.

The computation of the annual expected effective income tax rate at each interim period requires certain estimates and assumptions including, but not limited to, the expected pre-tax income (or loss) for the year, projections of the proportion of income (and/or loss) earned and taxed in foreign jurisdictions, permanent and temporary differences, and the likelihood of the realization of deferred tax assets generated in the current year. The accounting estimates used to compute the provision or benefit for income taxes may change as new events occur, more experience is acquired, additional information is obtained or the Company's tax environment changes. To the extent that the expected annual effective income tax rate changes during a quarter, the effect of the change on prior quarters is included in income tax provision or benefit in the quarter in which the change occurs.

For the three months ended March 31, 2023, the Company recorded an income tax provision of \$3.3 million, despite a pre-tax loss, due primarily to nondeductible stock-based compensation, foreign income taxed at different rates, and state taxes, partially offset by research credits. For the three months ended March 31, 2022, the Company recorded an income tax benefit of \$6.1 million, which represents an effective income tax rate of 15%. For the three months ended March 31, 2022, the effective income tax rate is lower than the statutory rate of 21% due primarily to tax shortfalls generated by the exercise and vesting for stock-based awards and foreign income taxed at different rates.

The Company recognizes interest and, if applicable, penalties related to unrecognized tax benefits in the income tax provision. Accruals for interest are not material and there are currently no accruals for penalties.

The Company's income taxes are routinely under audit by federal, state, local and foreign authorities as a result of previously filed separate company and consolidated tax returns with IAC. These audits include questioning the timing and the amount of income and deductions and the allocation of income and deductions among various tax jurisdictions. The Internal Revenue Service ("IRS") has completed its audit of IAC's federal income tax returns for the years ended December 31, 2013 through 2019, which includes the operations of the Company. The settlement of these tax years has been submitted to the Joint Committee of Taxation for approval. The statutes of limitations for the years 2013 through 2019 have been extended to

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued) (Unaudited)

December 31, 2023. Returns filed in various other jurisdictions are open to examination for various tax years beginning with 2014. Income taxes payable include unrecognized tax benefits considered sufficient to pay assessments that may result from examination of prior year tax returns. The Company considers many factors when evaluating and estimating its tax positions and tax benefits, which may not accurately anticipate actual outcomes and, therefore, may require periodic adjustment. Although management currently believes changes in unrecognized tax benefits from period to period and differences between amounts paid, if any, upon resolution of issues raised in audits and amounts previously provided will not have a material impact on liquidity, results of operations, or financial condition of the Company, these matters are subject to inherent uncertainties and management's view of these matters may change in the future.

At March 31, 2023 and December 31, 2022, the Company has unrecognized tax benefits of \$6.6 million and \$6.2 million, respectively; all of which are for tax positions included in IAC's consolidated tax return filings. If unrecognized tax benefits at March 31, 2023 are subsequently recognized, the income tax provision would be reduced by \$6.2 million. The comparable amount as of December 31, 2022 is \$5.8 million.

The Company regularly assesses the realizability of deferred tax assets considering all available evidence including, to the extent applicable, the nature, frequency and severity of prior cumulative losses, forecasts of future taxable income, tax filing status, the duration of statutory carryforward periods, available tax planning and historical experience. At March 31, 2023, the Company has a U.S. gross deferred tax asset of \$205.6 million that the Company expects to fully utilize on a more likely than not basis. Of this amount, \$22.8 million will be utilized upon the future reversal of deferred tax asset of \$182.8 million will be utilized based on forecasts of future taxable income. The Company's most significant net deferred tax asset relates to U.S. federal net operating loss ("NOL") carryforwards of \$108.0 million. The Company expects to generate sufficient future taxable income of at least \$514.5 million prior to the expiration of these NOLs, the majority of which expire between 2032 and 2037, and a portion of which never expire, to fully realize this deferred tax asset.

(a) If the effect is dilutive, weighted average common shares outstanding include the incremental shares that would be issued upon the assumed exercise of stock options and subsidiary denominated equity and vesting of restricted stock units ("RSUs"). For the three months ended March 31, 2023 and 2022, 29.6 million and 25.1 million of potentially dilutive securities, respectively, were excluded from the calculation of diluted earnings per share because their inclusion would have been anti-dilutive. Accordingly, the weighted average basic shares outstanding were used to compute all earnings per share amounts.

(b) Market-based awards and performance-based stock units ("PSUs") are considered contingently issuable shares. Shares issuable upon exercise or vesting of market-based awards and PSUs are included in the denominator for earnings per share if (i) the applicable market or performance condition(s) has been met and (ii) the inclusion of the market-based awards and PSUs is dilutive for the respective reporting periods. For the three months ended March 31, 2023 and 2022, 0.9 million and 4.5 million underlying market-based awards and PSUs, respectively, were excluded from the calculation of diluted earnings per share because the market or performance condition(s) had not been met.

### NOTE 7—SEGMENT INFORMATION

The Company has determined its operating segments consistent with how the chief operating decision maker views the businesses. Additionally, the Company considers how the businesses are organized as to segment management and the focus of the businesses with regards to the types of services or products offered or the target market.

As a result of management's continued assessments of reporting structure, there was a decision in the fourth quarter of 2022 to refine segments to more effectively measure the businesses' performance. Management has identified four reportable segments with discrete financial results to appropriately match operating costs to the revenues generated for these businesses (Ads and Leads, Services, Roofing and International). Our financial information for prior periods has been recast to conform to the current period presentation.

#### **NOTE 9—CONTINGENCIES**

In the ordinary course of business, the Company is a party to various lawsuits. The Company establishes accruals for specific legal matters when it determines that the likelihood of an unfavorable outcome is probable and the loss is reasonably estimable. The total accrual for legal matters is \$17.7 million at March 31, 2023. Management has also identified certain other legal matters where we believe an unfavorable outcome is not probable and, therefore, no accrual is established. Although management currently believes that resolving claims against us, including claims where an unfavorable outcome is reasonably possible, will not have a material impact on the liquidity, results of operations, or financial condition of the Company, these matters are subject to inherent uncertainties and management's view of these matters may change in the future. The Company also evaluates other contingent matters, including uncertain income tax positions and non-income tax contingencies, to assess the likelihood of an unfavorable outcome and estimated extent of potential loss. It is possible that an unfavorable outcome of one or more of these lawsuits or other contingencies could have a material impact on the liquidity, results of operations, or financial condition related to uncertain income tax positions, or financial condition of the Company. See "<u>Note 2—Income Taxes</u>" for additional information related to uncertain income tax positions.

# NOTE 10-RELATED PARTY TRANSACTIONS WITH IAC

#### Allocation of CEO Compensation and Certain Expenses

Joseph Levin, CEO of IAC and Chairman of Angi, was appointed CEO of Angi on October 10, 2022. As a result, for the three months ended March 31, 2023, IAC allocated \$2.3 million in costs to Angi (including salary, benefits, stock-based compensation and costs related to the CEO's office). - **Monetized Transactions** are (i) Service Requests that are matched to a paying Ads and Leads service professional in the period and (ii) completed and in-process Services jobs in the period; a single Service Request can result in multiple

monetized transactions.

- **Transacting Service Professionals ("Transacting SPs")** are the number of (i) Ads and Leads service professionals that paid for consumer matches or advertising and (ii) Services service professionals that performed a Services job, during the most recent quarter.
- **ANGI Group Senior Notes** On August 20, 2020, ANGI Group, LLC ("ANGI Group"), a direct wholly-owned subsidiary of the Company, issued \$500.0 million of its 3.875% Senior Notes due August 15, 2028, with interest payable February 15 and August 15 of each year.

#### **Components of Results of Operations**

# Sources of Revenue

Ads and Leads Revenue is primarily derived from (i) consumer connection revenue, which is comprised of fees paid by service professionals for consumer matches (regardless of whether the service professional ultimately provides the requested service), (ii) advertising revenue, which includes revenue from service professionals under contract for advertising, and (iii) membership subscription revenue from service professionals and consumers. Consumer connection revenue varies based upon several factors including the service requested, product experience offered, and geographic location of service. Services is primarily comprised of revenue from jobs sourced directly through the platform and through retail partnerships and completed by a service professional assigned by our platform. Roofing consists of revenue from roofing projects. International is primarily comprised of revenue from consumer connection revenue for consumer matches and membership subscription from service professionals and consumers.

From January 1, 2020 through December 31, 2022, Services recorded revenue on a gross basis. Effective January 1, 2023, we modified the Services terms and conditions so that the service professional, rather than Angi Inc., has the contractual relationship with the consumer to deliver the service and our performance obligation to the consumer is to connect them with the service professional. This change in contractual terms requires revenue be reported as the net amount of what is received from the consumer after deducting the amounts owed to the service professional providing the service effective for all arrangements entered into after December 31, 2022. This change in accounting treatment resulted in a decrease in revenue of \$25.7 million for the three months ended March 31, 2023. There is no impact to operating loss or Adjusted EBITDA from this change in revenue recognition.

#### **Cost of Revenue and Gross Profit**

Cost of revenue, which excludes depreciation, consists primarily of (i) roofing materials costs associated with Roofing, (ii) payments made to independent third-party service professionals who perform work contracted under Services arrangements that were entered into prior to January 1, 2023 and the change to net revenue reporting or Roofing arrangements, (iii) credit card processing fees, and (iv) hosting fees.

Gross profit is revenue less cost of revenue. Gross margin is gross profit expressed as a percentage of revenue.

#### **Operating Costs and Expenses:**

- Selling and marketing expense consists primarily of (i) advertising expenditures, which include marketing fees to promote the brand to consumers and service professionals with (a) online marketing, including fees paid to search engines and other online marketing platforms, partners who direct traffic to our brands, and app platforms, (b) offline marketing, which is primarily television and radio advertising, (ii) compensation expense (including stock-based compensation expense) and other employee-related costs for our sales force and marketing personnel, (iii) service guarantee expense, (iv) software license and maintenance costs, and (v) outsourced personnel costs.
- General and administrative expense consists primarily of (i) compensation expense (including stock-based compensation expense) and other employee-related costs for personnel engaged in executive management, finance, legal, tax, human resources and customer service functions, (ii) provision for credit losses, (iii) outsourced personnel costs for personnel engaged in assisting in customer service functions, (iv) software license and maintenance costs, (v) fees for professional services, and (vi) facilities costs. Our customer service function includes personnel who provide support to our service professionals and consumers.

• **Product development expense** - consists primarily of (i) compensation expense (including stock-based compensation expense) and other employee-related costs that are not capitalized for personnel engaged in the design, development, testing and enhancement of product offerings and related technology and (ii) software license and maintenance costs.

# Non-GAAP financial measure

Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA") is a non-GAAP financial measure. See "<u>Principles of Financial Reporting</u>" for the definition of Adjusted EBITDA and a reconciliation of net loss attributable to Angi Inc. shareholders to operating loss to consolidated Adjusted EBITDA for the three months ended March 31, 2023 and 2022.

Services revenue decreased \$44.4 million, or 58%, due primarily to decreases of \$25.7 million from the change to net revenue reporting for pre-priced product offerings and \$18.0 million due to the shift away from complex and less profitable offerings.

Roofing revenue increased \$1.7 million, or 5%, due primarily to the residual impact from Hurricane Ian.

Ads and Leads cost of revenue decreased \$1.3 million, or 81%, and stayed consistent as a percentage of revenue, due primarily to the decrease in revenue of \$1.2 million.

Services cost of revenue decreased \$53.5 million, or 86%, and decreased as a percentage of revenue, due primarily to a \$47.7 million decrease in payments to third-party professional service providers primarily as a result of the decrease of \$25.7 million change in revenue recognition to net reporting resulting in professional payments offsetting revenue instead of being reported as a component of cost of revenue. Additionally, payments to third-party professional service providers decreased as a result of the shift away from complex and less profitable offerings.

Roofing cost of revenue decreased \$2.1 million, or 8%, and decreased as a percentage of revenue, due primarily to a \$1.4 million decrease in roofing material costs.

Ads and Leads selling and marketing expense decreased \$4.3 million, or 2%, driven by decreases in advertising expense of \$10.5 million and professional fees of \$1.6 million, partially offset by an increase in compensation expense of \$7.6 million. The decrease in advertising expense was primarily due to a decrease in online advertising spend. The decrease in professional fees is primarily due to a decrease in marketing and branding consultancy fees. The increase in compensation is primarily due to increased sales commissions driven by sales growth and the immediate expensing of commissions for certain transactions beginning October 1, 2022 rather than recording commissions as an asset to be amortized over the duration of the related customer relationship period due to the average customer relationship being assessed as less than one year.

Services selling and marketing expense decreased \$6.1 million, or 33%, driven by decreases of \$4.9 million in professional fees and third-party wages, \$2.9 million in compensation expense, and \$1.1 million in advertising expense, partially offset by an increase of \$3.5 million in service guarantee expense. The decrease in third-party wages and professional fees is primarily due to \$3.6 million less in phone-based sales wages primarily resulting from increased reliance on more profitable digital conversion channels and \$1.3 million less due to streamlined fulfillment operations, partially driven by fewer complex services. The decrease in compensation expense is primarily due to a reduction in headcount. The decrease in advertising expense is primarily due to a decrease in service professional marketing spend. The increase in service guarantee expense is due to the aforementioned change in contractual terms and conditions such that this expense is no longer a component of cost of revenue, which is where the expense was recorded prior to January 1, 2023.

Roofing selling and marketing expense decreased \$1.1 million, or 14%, driven by a decrease in advertising expense.

International selling and marketing expense decreased \$8.2 million, or 47%, driven by a decrease of \$8.9 million in advertising expense. The decrease in advertising expense is primarily due to improved online efficiency and a decrease in television advertising expense.

# General and administrative expense

General and administrative expense	\$ 102,518	\$	(7,137)	(7)%	\$	109,655

Ads and Leads general and administrative expense decreased \$6.7 million, or 10%, due primarily to decreases of \$6.3 million in compensation expense and \$1.4 million in recruiting fees, partially offset by an increase of \$3.1 million in the provision for credit losses. The decrease in compensation expense and recruiting fees is primarily due to a reduction in headcount. The increase in the provision for credit losses is primarily due to lower collection rates.

Services general and administrative expense decreased \$2.0 million, or 14%, due primarily to decreases of \$0.9 million in third-party wages and \$0.9 million in the provision for credit losses. The decrease in third-party wages is primarily due to a decrease in customer care costs. The decrease in the provision for credit losses is primarily due to improved collection rates.

Roofing general and administrative expense decreased \$1.6 million, or 22%, due primarily to decreases of \$1.2 million in compensation expense. The decrease in compensation expense is primarily due to a decrease in stock-based compensation.

Corporate general and administrative expense increased \$3.2 million, or 30%, due primarily to increases of \$2.2 million in lease expense due to repurposing of real estate space for general and administrative functions in 2022.

#### Product development expense

Product development expense increased \$7.5 million, or 42%. This contrasts with a \$15.0 million, or 56%, decrease in capital expenditures from March 31, 2022, which is primarily comprised of internally developed software. The increase in product development expense was driven by a decrease in the percentage of internally developed software that was subject to capitalization in the first quarter of 2023 compared to the first quarter of 2022.

Operating losses for the three months ended March 31, 2023 compared to the three months ended March 31, 2022 decreased due primarily to the factors described above in the revenue, cost of revenue, sales and marketing, general and administrative, product development, and depreciation expense discussions.

At March 31, 2023, there is \$69.1 million of unrecognized compensation cost, net of estimated forfeitures, related to all equity-based awards, which is expected to be recognized over a weighted average period of approximately 2.65 years.

Ads and Leads Adjusted EBITDA increased \$5.5 million, or 16%, to \$39.9 million, and increased as a percentage of revenue, driven by lower selling and marketing expense due to improved marketing efficiency and lower general and administrative expense due to lower compensation costs and other operating expenses.

Services Adjusted EBITDA loss decreased \$16.4 million, or 88%, to a loss of \$2.2 million, and decreased as a percentage of revenue, driven by higher gross profit due to pricing and fulfillment optimization efforts over the past year and lower operating expenses due to a reduced overall cost base as a result of exiting complex and less profitable offerings.

Roofing Adjusted EBITDA increased \$5.8 million to \$0.8 million, and increased as a percentage of revenue, driven by higher gross profit due to higher revenue and margin optimization efforts, more efficient marketing, and lower general and administrative expense due to headcount rationalization.

Corporate Adjusted EBITDA loss increased \$1.9 million, or 18%, to \$12.4 million, driven by an increase in general and administrative expense.

International Adjusted EBITDA increased \$7.8 million, from a loss of \$3.5 million to income of \$4.4 million, driven by lower selling and marketing expense due to more efficient marketing spend.

In 2023, the Company recorded a provision despite a pre-tax loss due primarily to nondeductible stock-based compensation, foreign income taxed at different rates, and state taxes, partially offset by research credits.

In 2022, the effective income tax rate was lower than the statutory rate of 21%, due primarily to tax shortfalls generated by the exercise and vesting of stock-based awards and foreign income taxed at different rates.

#### PRINCIPLES OF FINANCIAL REPORTING

We report Adjusted EBITDA as a supplemental measure to U.S. generally accepted accounting principles ("GAAP"). This measure is one of the primary metrics by which we evaluate the performance of our businesses, and our internal budgets are based and may impact management compensation. We believe that investors should have access to, and we are obligated to provide, the same set of tools that we use in analyzing our results. This non-GAAP measure should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. We endeavor to compensate for the limitations of the non-GAAP measure presented by providing the comparable GAAP measure with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the non-GAAP measure. We encourage investors to examine the reconciling adjustments between the GAAP and non-GAAP measure, which we discuss below.

# **Definition of Non-GAAP Measure**

Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA") is defined as operating income excluding: (1) stockbased compensation expense; (2) depreciation; and (3) acquisition-related items consisting of amortization of intangible assets and impairments of goodwill and intangible assets, if applicable. We believe this measure is useful for analysts and investors as this measure allows a more meaningful comparison between our performance and that of our competitors. Adjusted EBITDA has certain limitations because it excludes the impact of these expenses.

The following table reconciles net loss attributable to Angi Inc. shareholders to operating loss to consolidated Adjusted EBITDA:

# Non-Cash Expenses That Are Excluded from Our Non-GAAP Measure

*Stock-based compensation expense* consists of expense associated with the grants, including unvested grants assumed in acquisitions, of stock appreciation rights, restricted stock units ("RSUs"), stock options, performance-based RSUs ("PSUs") and market-based awards. These expenses are not paid in cash and we view the economic costs of stock-based awards to be the dilution to our share base; we also include the related shares in our fully diluted shares outstanding for GAAP earnings per share using the treasury stock method. PSUs and market-based awards are included only to the extent the applicable performance or market condition(s) have been met (assuming the end of the reporting period is the end of the contingency period). The Company is currently settling all stock-based awards on a net basis and remits the required tax-withholding amounts from its current funds.

*Depreciation* is a non-cash expense relating to our capitalized software, leasehold improvements and equipment and is computed using the straight-line method to allocate the cost of depreciable assets to operations over their estimated useful lives, or, in the case of leasehold improvements, the lease term, if shorter.

Amortization of intangible assets and impairments of goodwill and intangible assets are non-cash expenses related primarily to acquisitions. At the time of an acquisition, the identifiable definite-lived intangible assets of the acquired company, such as service professional relationships, technology, memberships, customer lists and user base, and trade names, are valued and amortized over their estimated lives. Value is also assigned to acquired indefinite-lived intangible assets, which comprise trade names and trademarks, and goodwill that are not subject to amortization. An impairment is recorded when the carrying value of an intangible asset or goodwill exceeds its fair value. We believe that intangible assets represent costs incurred by the acquired company to build value prior to acquisition and the related amortization and impairments of intangible assets or goodwill, if applicable, are not ongoing costs of doing business.

#### **Cash Flow Information**

In summary, the Company's cash flows are as follows:

	Three Months Ended March 31,			
	2023	2022		
	 (In thousands)			
Net cash provided by (used in):				
Operating activities	\$ 19,060 \$	(735)		
Investing activities	\$ (24,156) \$	(26,816)		
Financing activities	\$ (1,379) \$	(9,466)		

Net cash provided by operating activities consists of earnings adjusted for non-cash items and the effect of changes in working capital. Non-cash adjustments include provision for credit losses, depreciation, stock-based compensation expense, non-cash lease expense (including impairment of right-of-use assets), amortization of intangibles, and deferred income taxes.

# 2023

Adjustments to earnings consist primarily of \$25.4 million of depreciation, \$24.9 million of provision for credit losses, \$12.9 million of stock-based compensation expense, \$3.7 million of non-cash lease expense, and \$2.7 million of amortization of intangibles. The decrease from changes in working capital consists primarily of an increase of \$23.2 million in accounts receivable, a decrease of \$9.8 million in accounts payable and other liabilities, and a decrease of \$5.1 million in operating lease liabilities. The increase in accounts receivable is due primarily to timing of cash receipts for credit card transactions. The decrease in accounts payable and other liabilities is due, in part, to payments for accrued compensation. The decrease in operating lease liabilities is due to cash payments on leases net of interest accretion.

Net cash used in investing activities includes purchases of marketable debt securities of \$12.4 million and capital expenditures of \$11.9 million, primarily related to investments in capitalized software to support the Company's products and services.

Net cash used in financing activities includes \$1.4 million for the payment of withholding taxes on behalf of employees for stock-based awards that were net settled.

# 2022

Adjustments to earnings consist primarily of \$21.6 million of provision for credit losses, \$14.0 million of depreciation, \$13.0 million of stock-based compensation expense, \$3.8 million of amortization of intangibles, and \$3.4 million of non-cash lease expense, partially offset by deferred taxes of \$8.1 million. The decrease from changes in working capital consists primarily of an increase of \$37.8 million in accounts receivable and a decrease of \$4.5 million in operating lease liabilities, partially offset by increases of \$22.1 million in accounts payable and other liabilities. The increase in accounts receivable is due primarily to revenue growth, primarily attributable to Services. The decrease in operating lease liabilities is due to cash payments on leases net of interest accretion. The increase in accounts payable and other liabilities is primarily due to increases in accrued expenses related to the 2021 brand integration initiative and accrued roofing material costs related to Roofing.

Net cash used in investing activities includes \$26.9 million of capital expenditures, primarily related to investments in capitalized software to support the Company's products and services.

Net cash used in financing activities includes \$8.1 million for the repurchase of 1.0 million shares of Angi Inc. Class A common stock, on a settlement date basis, at an average price of \$7.80 per share and \$1.3 million for the payment of withholding taxes on behalf of employees for stock-based awards that were net settled.

### Liquidity and Capital Resources

#### **Financing Arrangements**

For a detailed description of long-term debt, see "<u>Note 4—Long-term Debt</u>" to the consolidated financial statements included in "<u>Item 1. Consolidated</u> <u>Financial Statements</u>."

#### Share Repurchase Authorizations and Activity

During the three months ended March 31, 2023, the Company did not repurchase any shares of its common stock. The Company has 15.0 million shares remaining in its share repurchase authorization as of May 5, 2023. The Company may purchase their shares and debt instruments over an indefinite period of time on the open market and in privately negotiated transactions, depending on those factors the Company's management deems relevant at any particular time, including, without limitation, market conditions, share price and future outlook.

#### **Outstanding Stock-based Awards**

The Company may settle equity awards on a gross or a net basis depending upon factors deemed relevant at the time, and if settled on a net basis, Angi remits withholding taxes on behalf of the employee. At IAC's option, certain Angi stock appreciation rights can be settled in either Class A shares of Angi or shares of IAC common stock. If settled in IAC common stock, the Company reimburses IAC in either cash or through the issuance of Class A shares to IAC. The Company currently settles all equity awards on a net basis.

Pursuant to the employee matters agreement, in the event of a distribution of Angi capital stock to IAC stockholders in a transaction intended to qualify as tax-free for U.S. federal income tax purposes, the Compensation Committee of the IAC Board of Directors has the exclusive authority to determine the treatment of outstanding IAC equity awards. Such authority includes (but is not limited to) the ability to convert all or part of IAC equity awards outstanding immediately prior to the distribution into equity awards denominated in shares of Angi Class A Common Stock for no compensation, which Angi would be obligated to assume and which would be dilutive to Angi's stockholders.

The following table summarizes the aggregate intrinsic value of all awards outstanding as of May 5, 2023; assuming these awards were net settled on that date, the withholding taxes that would be paid by the Company on behalf of employees upon exercise or vesting that would be payable (assuming these equity awards are net settled with a 50% tax rate), and the shares that would have been issued are as follows:

	Aggregate intrinsic value of awards outstanding	Estimated shares to be issued				
	(In thousands)					
Other equity awards <sup>(a)(b)</sup>	61,846	30,410	12,884			
Total outstanding employee stock-based awards	\$ 61,846	\$ 30,410	12,884			

<sup>(</sup>a) Includes stock options and subsidiary denominated equity.

#### **Contractual Obligations**

At March 31, 2023, there have been no material changes outside the ordinary course of business to the Company's contractual obligations since the disclosures for the year ended December 31, 2022, included in the Company's Annual Report on Form 10-K.

### **Capital Expenditures**

The Company's 2023 capital expenditures are expected to be lower than 2022 capital expenditures of \$116.4 million by approximately 60%, due primarily to decreased investment in capitalized software.

### Liquidity Assessment

The Company's liquidity could be negatively affected by a decrease in demand for its products and services due to economic or other factors.

At March 31, 2023, IAC held all Class B shares of Angi Inc., which represent 83.9% of the economic interest and 98.1% of the voting interest of the Company. As a result, IAC has the ability to control Angi's financing activities, including the issuance of additional debt and equity securities by Angi or any of its subsidiaries, or the incurrence of other indebtedness generally. While Angi is expected to have the ability to access debt and equity markets if needed, such transactions may require the approval of IAC due to its control of the majority of the outstanding voting power of Angi's capital stock and its representation on the Angi board of directors.

The Company believes its existing cash, cash equivalents, and expected positive cash flows generated from operations will be sufficient to fund its normal operating requirements, including capital expenditures, debt service, the payment of withholding taxes paid on behalf of employees for net-settled stock-based awards, and investing and other commitments, for the next twelve months. We may elect to raise additional capital through the sale of additional equity or debt financing to fund business activities such as strategic acquisitions, share repurchases, or other purposes beyond the next twelve months.

Additional financing may not be available on terms favorable to the Company or at all, and may also be impacted by any disruptions in the financial markets. In addition, the Company's existing indebtedness could limit its ability to obtain additional financing.

<sup>(</sup>b) The number of shares ultimately needed to settle subsidiary denominated equity awards and the cash withholding tax obligation may vary significantly as a result of the determination of the fair value of the relevant award at the time of exercise. In addition, the number of shares required to settle these awards will be impacted by movement in the Company's stock price.

# Item 3. Quantitative and Qualitative Disclosures About Market Risk

During the three months ended March 31, 2023, there have been no material changes to the Company's instruments or positions that are sensitive to market risk since the disclosure in our Annual Report on Form 10-K for the year ended December 31, 2022.

# Item 4. Controls and Procedures

The Company monitors and evaluates on an ongoing basis its disclosure controls and procedures and internal control over financial reporting in order to improve their overall effectiveness. During the course of these evaluations, the Company modifies and refines its internal processes as conditions warrant.

As required by Rule 13a-15(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Company's management, including our principal executive and principal financial officers, or persons performing similar functions, evaluated the effectiveness of the Company's disclosure controls and procedures as defined by Rule 13a-15(e) under the Exchange Act. Based on this evaluation, management has concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by this report in providing reasonable assurance that information we are required to disclose in our filings with the Securities and Exchange Commission (the "Commission:) under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms, and include controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

There were no changes to the Company's internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

#### PART II

#### **OTHER INFORMATION**

#### Item 1. Legal Proceedings

#### Overview

In the ordinary course of business, the Company and its subsidiaries are (or may become) parties to claims, suits, regulatory and government investigations, and other proceedings involving property, personal injury, intellectual property, privacy, tax, labor and employment, competition, commercial disputes, consumer protection and other claims, as well as stockholder derivative actions, class action lawsuits and other matters. Such claims, suits, regulatory and government investigations, and other proceedings could result in fines, civil or criminal penalties, or other adverse consequences. The amounts that may be recovered in such matters may be subject to insurance coverage. Although the results of legal proceedings and claims cannot be predicted with certainty, neither the Company nor any of its subsidiaries is currently a party to any legal proceedings the outcome of which, we believe, if determined adversely to us, would individually or in the aggregate have a material adverse effect on our business, financial condition or results of operations. However, the outcome of such matters is inherently unpredictable and subject to significant uncertainties.

Rules of the Commission require the description of material pending legal proceedings (other than ordinary, routine litigation incident to the registrant's business) and advise that proceedings ordinarily need not be described if they primarily involve damages claims for amounts (exclusive of interest and costs) not exceeding 10% of the current assets of the registrant and its subsidiaries on a consolidated basis. In the judgment of Company management, none of the pending litigation matters which we are defending, including those described below, involves or is likely to involve amounts of that magnitude. The matters described below involve issues or claims that may be of particular interest to our stockholders, regardless of whether they may be material to our financial position or operations based upon the standard set forth in the rules of the Commission.

#### FTC Administrative Proceeding against HomeAdvisor

On March 11, 2022, the Federal Trade Commission ("FTC") filed an administrative complaint against HomeAdvisor, alleging that certain of HomeAdvisor's business practices related to leads provided to service professionals ("SPs") and its mHelpDesk product are unfair or deceptive in violation of the FTC Act and requesting injunctive relief. The Company disputes these allegations and believes that its business practices are fully in compliance with the law. On April 7, 2022, the FTC staff filed a motion for summary decision before the Commission, which the Commissioners denied on August 2, 2022. Settlement discussions between the parties ensued. On December 2, 2022, the FTC withdrew the matter from adjudication for the purpose of considering a proposed consent order negotiated by the Company and the FTC staff, pursuant to which HomeAdvisor would undertake certain commitments concerning representations to SPs and related reporting obligations and would fund up to \$7.2 million for restitutionary payments to SPs (with any unclaimed amounts reverting to HomeAdvisor) and settlement administration costs. On April 20, 2023, the Commission voted to approve the final consent order.

#### Service Professional Class Action Litigation against HomeAdvisor

In July 2016, a putative class action, *Airquip, Inc. et al. v. HomeAdvisor, Inc. et al.*, No. 1:16-cv-1849, was filed in the U.S. District Court for the District of Colorado. The complaint, as amended in November 2016, alleges that HomeAdvisor engages in certain deceptive practices affecting the SPs who join its network, including charging them for substandard customer leads and failing to disclose certain charges. The complaint seeks certification of a nationwide class consisting of all HomeAdvisor SPs since October 2012, asserts claims for fraud, breach of implied contract, unjust enrichment and violation of the federal RICO statute and the Colorado Consumer Protection Act ("CCPA"), and seeks injunctive relief and damages in an unspecified amount.

In July 2018, plaintiffs' counsel filed a separate putative class action in the U.S. District Court for the District of Colorado, *Costello et al. v. HomeAdvisor, Inc. et al.*, No. 1:18-cv-1802, on behalf of the same nine SPs proposed as new plaintiffs in the *Airquip* case, naming as defendants HomeAdvisor, Angi and IAC (as well as an unrelated company), and asserting 45 claims largely duplicative of those asserted in a proposed second amended complaint in the *Airquip* case. In November 2018, the judge presiding over the *Airquip* case issued an order consolidating the two cases to proceed before him under the caption *In re HomeAdvisor, Inc. Litigation*.

In January 2019, the plaintiffs renewed their motion for leave to file a consolidated second amended complaint, naming as defendants, in addition to HomeAdvisor, Angi and IAC, CraftJack, Inc. (a wholly-owned subsidiary of the Company) and two unrelated entities. In February 2019, the defendants opposed the motion on various grounds. In September 2019, the court issued an order granting the plaintiffs' motion. In October and December 2019, the four defendants affiliated with HomeAdvisor filed motions to dismiss certain claims in the amended complaint. In September 2020, the court issued an order

granting in part and denying in part the defendants' motions to dismiss. In May 2022, the plaintiffs filed a motion for class certification. In June 2022, the Company opposed the motion, which remains pending.

The Company believes that the allegations in this lawsuit are without merit and will continue to defend vigorously against them.

#### False Advertising Litigation against HomeAdvisor

In March 2018, the San Francisco District Attorney filed a lawsuit in the Superior Court of California, *People of the State of California v. HomeAdvisor, Inc.*, No. CGC-18-565008. The lawsuit alleges that HomeAdvisor violated California's Unfair Competition Law and False Advertising Law by misleading California consumers about the scope of its background check program. The claims focus on certain television commercials, radio advertisements, and website disclosures during the 2014-18 period. In May 2018, the court issued a preliminary injunction against the Company barring it from airing the then-current versions of the advertisements. In May 2020, the state Court of Appeals affirmed the preliminary injunction. The parties have been engaged in productive settlement negotiations with the assistance of a mediator. The Company believes that the allegations in this lawsuit are without merit and will continue to defend vigorously against them, if necessary.

Other unknown or unpredictable factors that could also adversely affect our business, financial condition and operating results may arise from time to time. In light of these risks and uncertainties, the forward-looking statements discussed in this quarterly report may not prove to be accurate. Accordingly, you should not place undue reliance on these forward-looking statements, which only reflect the views of Company management as of the date of this quarterly report. We do not undertake to update these forward-looking statements.

# EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT ("Agreement") is entered into as of <u>1/17/2023</u> by and between Dave Fleischman ("Executive") and Angi Inc., a Delaware corporation (the "Company"), and is effective as of February 6, 2023 (the "Effective Date").

WHEREAS, the Company desires to establish its right to the services of Executive, in the capacity described below, on the terms and conditions hereinafter set forth, and Executive is willing to accept such employment on such terms and conditions.

NOW, THEREFORE, in consideration of the mutual agreements hereinafter set forth, Executive and the Company have agreed and do hereby agree as follows:

1A. <u>EMPLOYMENT</u>. During the Term (as defined below), the Company shall employ Executive, and Executive shall be employed, as Chief Product Officer of Angi Inc. During Executive's employment with the Company, Executive shall do and perform all services and acts necessary or advisable to fulfill the duties and responsibilities as are commensurate and consistent with Executive's position and shall render such services on the terms set forth herein. During Executive's employment with the Company, Executive shall report directly to the Chief Executive Officer of the Company (hereinafter referred to as the "Reporting Officer").

Executive shall have such powers and duties with respect to the Company as may reasonably be assigned to Executive by the Reporting Officer, to the extent consistent with Executive's position. Executive agrees to devote all of Executive's working time, attention and efforts to the Company and to perform the duties of Executive's position in accordance with the Company's policies as in effect from time to time. Notwithstanding anything to the contrary above, Executive may participate in civic and charitable activities, and may serve as member of the board of directors of such entities as may be approved from time to time in advance by the Reporting Officer, so long as such activities do not conflict with or interfere with Executive's performance of his duties hereunder or compete with or present an actual or apparent conflict of interest for the Company, which shall be determined by the Reporting Officer and/or the Chief Legal Officer of Angi Inc. in his/her good faith judgment. Executive's principal work location shall be in Seattle, Washington; provided, however, that Executive agrees and acknowledges that the Company's business is national and reasonable travel shall be required for the performance of Executive's duties under this Agreement.

2A. <u>TERM</u>. The term of this Agreement shall commence on the Effective Date and shall terminate on the first anniversary thereof (the "Initial Term"); provided, that certain terms and conditions herein may specify a greater period of effectiveness; and further provided that this Agreement shall automatically renew for additional one year terms (each a "Renewal Term", and collectively with the Initial Term, the "Term"), unless terminated by either party with written notice provided not less than ninety (90) days prior to the end of the then-current Term or Renewal Term (a "Notice of Non-Renewal").

Notwithstanding any other provision of this Agreement to the contrary, Executive's employment with the Company is "at-will" and may be terminated at any time for any reason or no reason, with or without cause, by the Company or Executive, with or without notice. During the Term, Executive's right to payments upon certain terminations of employment is governed by Section 1(d) of the Standard Terms and Conditions attached hereto. Following the expiration

of the Term, upon the termination of Executive's employment, the Company shall have no further obligation hereunder, except for the payment of Accrued Obligations.

## 3A. COMPENSATION.

(a) <u>BASE SALARY</u>. During the period that Executive is employed with the Company hereunder, the Company shall pay Executive an annual base salary of \$400,000 (the "Base Salary"), payable in equal biweekly installments (or, if different, in accordance with the Company's payroll practice as in effect from time to time), which Base Salary may be increased, from time to time, as approved by the Executive Compensation Committee of the Board of Directors of the Company (the "Compensation Committee"). For all purposes under this Agreement, the term "Base Salary" shall refer to the Base Salary as in effect from time to time.

(b) <u>DISCRETIONARY BONUS</u>. During the period that Executive is employed with the Company hereunder, Executive shall be eligible to receive discretionary annual bonuses (the "Annual Bonuses"). The Annual Bonuses shall be of a target amount equal to 50% of your Base Salary and shall be determined by the Compensation Committee in its sole discretion, based on the factors it deems relevant, which may include, among other factors, the Company's performance against various criteria (including its competition, its prior year results, achievement of established initiatives, etc.) and the contribution and performance of Executive. Notwithstanding the foregoing, with respect to calendar year 2023, your bonus shall be prorated for a partial year of service.

(c)<u>SIGNING BONUS</u>. The Company shall pay you a lump sum cash signing bonus of Two Hundred Fifty Thousand Dollars and Zero Cents (\$250,000.00) (the "Signing Bonus") the first pay date after your Hire Date and minus all applicable taxes and withholdings; provided that, you shall repay the gross amount of the Signing Bonus if prior to the twelfth-month anniversary of the first day of your employment, you terminate your employment without Good Reason (as defined below) or are terminated by the Company for Cause (as defined below).

(d)<u>EQUITY AWARD</u>. On the Effective Date, Executive shall be granted, under and subject to the provisions of the Company's 2017 Stock and Annual Incentive Plan (the "2017 Plan"), an award of Company Restricted Stock Units (the "RSU Award") with a grant date value of \$5,000,000. The actual vesting and other terms and conditions of the RSU Award will be governed by the award notices and related terms and conditions attached as <u>Exhibit A</u> and the 2017 Plan. Executive shall remain eligible for future equity grants during the Term of his employment with the Company.

(e) <u>BENEFITS</u>. From the Effective Date through the date of termination of Executive's employment with the Company for any reason, Executive shall be entitled to participate in any welfare, health and life insurance and pension benefit programs as may be adopted from time to time by the Company on the same basis as that provided to similarly situated employees of the Company. Without limiting the generality of the foregoing, Executive shall be entitled to the following benefits:

6A. <u>COUNTERPARTS</u>. This Agreement may be executed in several counterparts, each of

which shall be deemed to be an original but all of which together will constitute one and the same instrument.

7A. <u>STANDARD TERMS AND CONDITIONS</u>. Executive expressly understands and acknowledges that the Standard Terms and Conditions attached hereto are incorporated herein by reference, deemed a part of this Agreement and are binding and enforceable provisions of this Agreement. References to "this Agreement" or the use of the term "hereof" shall refer to this Agreement and the Standard Terms and Conditions attached hereto, taken as a whole.

During any period prior to such termination during which Executive is absent from the full-time performance of Executive's duties with the Company due to Disability, the Company shall continue to pay Executive's Base Salary at the rate in effect at the commencement of such period of Disability, offset by any amounts payable to Executive under any disability insurance plan or policy provided by the Company. (c) <u>TERMINATION FOR CAUSE</u>. Upon the termination of Executive's employment by the Company for Cause (as defined below), the Company shall have no further obligation hereunder, except for the payment of any Accrued Obligations (as defined in paragraph 1(f) below). (i) the Company shall continue to pay to Executive the Base Salary for 12 months from the date of such termination or resignation ("Severance Period"), payable in equal biweekly installments (or, if different, in accordance with the Company's payroll practice as in effect from time to time) over the course of such twelve (12) months;

(ii) any compensation awards of Executive based on, or in the form of, Company equity (e.g., restricted stock, restricted stock units, stock options or similar instruments) that are outstanding and unvested at the time of such termination but which would, but for such termination, have vested during the Severance Period shall vest as of the date of such termination of employment; <u>provided</u> that for these purposes, any equity awards with a vesting schedule less frequent than annual shall be treated as though the vesting occurred in equal annual installments and any portion of any such awards that would have vested by the end of the Severance Period (including any portion which would have vested prior to the date of termination of employment) shall vest as of the date of such termination of employment (e.g., if 100 restricted stock units were granted 1.7 years prior to the date of termination with a 5-year cliff vesting term then on the date of termination 40 of such units would vest); <u>provided</u>, <u>further</u>, that with respect to any awards subject to performance vesting requirements, the vesting of such awards shall in all events be subject to the satisfaction of the applicable performance goals; and

(iii) any then-vested options or stock appreciation rights of Executive (including any such awards vesting as a result of (ii) above) to acquire Company equity shall remain exercisable through the earlier of (A) the scheduled expiration date of such awards and

(B) eighteen months following Executive's termination of employment; and

(iv) the Company shall pay Executive within thirty (30) days of the date of such termination or resignation in a lump sum in cash any Accrued Obligations (as defined in paragraph 1(f) below).

The payment to Executive of the severance benefits described in this Section 1(d) shall be subject to Executive's execution and non-revocation of a general release of the Company and its affiliates, in a form substantially similar to that used for similarly situated executives of the Company and its affiliates, such general release to be executed and promptly delivered to the Company (and in no event later than 21 days following Executive's termination of employment, or such longer period as may be required by applicable law) and Executive's compliance with

the restrictive covenants set forth in Section 2 hereof. Such release shall make clear that Executive is not releasing his right to receive any termination benefits pursuant to this Section 1(d) above and/or under any equity incentive plan governing any outstanding equity award then held by Executive. Executive acknowledges and agrees that the severance benefits described in this Section 1(d) constitute good and valuable consideration for such release.

For purposes of this Agreement, "Good Reason" shall mean the occurrence of any of the following without Executive's prior written consent: (A) the reduction in Executive's Base Salary constituting a material diminution in Executive's base compensation as determined for purposes of Section 409A and regulations thereunder, (B) a material diminution in Executive's title, duties or level of responsibilities as compared to those in effect as of the Effective Date, excluding for this purpose any such change that is an isolated and inadvertent action not taken in bad faith and that is remedied by the Company promptly after receipt of notice thereof given by the Executive; *provided, however*, that in no event shall Executive's resignation be for "Good Reason" unless (x) an event or circumstance set forth in clauses (A) and (B) above shall have occurred and Executive provides the Company with written notice thereof within thirty (30) days after Executive has initial knowledge of the occurrence or existence of such event or circumstance, which notice specifically identifies the event or circumstance that Executive believes constitutes Good Reason, (y) the Company fails to correct the event or circumstance so identified within thirty days after the receipt of such notice and (z) Executive resigns within ninety (90) days after the date of delivery of the notice referred to in (x) above.

## (v)Section 280G; Parachute Payments.

(a) If any payment or benefit Executive will or may receive from the Company or otherwise (a "<u>280G</u> <u>Payment</u>") would (i) constitute a "parachute payment" within the meaning of Section 280G of the Code, and (ii) but for this sentence, be subject to the excise tax imposed by Section 4999 of the Code (the "<u>Excise Tax</u>"), then any such 280G Payment provided pursuant to this Agreement (a "<u>Payment</u>") shall be equal to the Reduced Amount. The "<u>Reduced Amount</u>" shall be either (x) the largest portion of the Payment that would result in no portion of the Payment (after reduction) being subject to the Excise Tax or (y) the largest portion, up to and including the total, of the Payment, whichever amount (i.e., the amount determined by clause (x) or by clause (y)), after taking into account all applicable federal, state and local employment taxes, income taxes, and the Excise Tax (all computed at the highest applicable marginal rate), results in Executive's receipt, on an after-tax basis, of the greater economic benefit notwithstanding that all or some portion of the Payment may be subject to the Excise Tax. If a reduction in a Payment is required pursuant to the preceding sentence and the Reduced Amount is determined pursuant to clause (x) of the preceding sentence, the reduction shall occur in the manner (the "<u>Reduction Method</u>") that results in the greatest economic benefit for Executive. If more than one method of reduction will result in the same economic benefit, the items so reduced will be reduced pro rata (the "<u>Pro Rata Reduction Method</u>").

(b) Notwithstanding any provision of subsection (a) above to the contrary, if the Reduction Method or the Pro Rata Reduction Method would result in any portion of the Payment being subject to taxes pursuant to Section 409A that would not otherwise be subject to taxes

pursuant to Section 409A, then the Reduction Method and/or the Pro Rata Reduction Method, as the case may be, shall be modified so as to avoid the imposition of taxes pursuant to Section 409A as follows: (i) as a first priority, the modification shall preserve to the greatest extent possible, the greatest economic benefit for Executive as determined on an after-tax basis; (ii) as a second priority, Payments that are contingent on future events (e.g., being terminated without Cause), shall be reduced (or eliminated) before Payments that are not contingent on future events; and (iii) as a third priority, Payments that are "deferred compensation" within the meaning of Section 409A shall be reduced (or eliminated) before Payments that are not deferred compensation within the meaning of Section 409A.

(c) Unless Executive and the Company agree on an alternative accounting firm or law firm, the accounting firm engaged by the Company for general tax compliance purposes as of the day prior to the effective date of the Change in Control transaction shall perform the foregoing calculations. If the accounting firm so engaged by the Company is serving as accountant or auditor for the individual, entity or group effecting the change in control transaction, the Company shall appoint a nationally recognized accounting or law firm to make the determinations required by this Section. The Company shall bear all expenses with respect to the determinations by such accounting or law firm required to be made hereunder. The Company shall use commercially reasonable efforts to cause the accounting or law firm engaged to make the determinations hereunder to provide its calculations, together with detailed supporting documentation, to Executive and the Company within 15 calendar days after the date on which Executive's right to a 280G Payment becomes reasonably likely to occur (if requested at that time by Executive or the Company) or such other time as requested by Executive or the Company.

(e)<u>OFFSET</u>. If Executive obtains other employment during the period of time in which the Company is required to make payments to Executive pursuant to Section 1(d)(i) above, the amount of any such remaining payments or benefits to be provided to Executive shall be reduced by the amount of compensation and benefits earned by Executive from such other employment through the end of such period. For purposes of this Section 1(e), Executive shall have an obligation to inform the Company regarding Executive's employment status following termination and during the period of time in which the Company is making payments to Executive under Section 1(d) (i) above.

(f) <u>ACCRUED OBLIGATIONS</u>. As used in this Agreement, "Accrued Obligations" shall mean the sum of (i) any portion of Executive's accrued but unpaid Base Salary through the date of death or termination of employment for any reason, as the case may be; (ii) any compensation previously earned but deferred by Executive (together with any interest or earnings thereon) that has not yet been paid and that is not otherwise to be paid at a later date pursuant to the executive deferred compensation plan of the Company, if any, and (iii) any reimbursements that Executive is entitled to receive under Section 3A(d)(i) of the Agreement.

(g) <u>NOTICE OF NON-RENEWAL</u>. If the Company delivers a Non-Renewal Notice to Executive then, provided Executive offers reasonable transition of his duties as may be requested by the Company (which such transition shall not extend beyond the then-current expiration date of the Term), effective as of Executive's separation from service from the

Company, Executive shall have the same rights and obligations hereunder as if the Company had terminated Executive's employment without Cause.

## 2. <u>CONFIDENTIAL INFORMATION; NON-COMPETITION; NON-SOLICITATION; AND</u> <u>PROPRIETARY RIGHTS</u>.

(a) <u>CONFIDENTIALITY</u>. Executive acknowledges that, while employed by the Company, Executive will occupy a position of trust and confidence. The Company, its subsidiaries and/or affiliates shall provide Executive with "Confidential Information" as referred to below. Executive shall not, except as may be required to perform Executive's duties hereunder or as required by applicable law, without limitation in time, communicate, divulge, disseminate, disclose to others or otherwise use, whether directly or indirectly, any Confidential Information regarding the Company and/or any of its subsidiaries and/or affiliates.

"Confidential Information" shall mean information about the Company or any of its subsidiaries or affiliates, and their respective businesses, employees, consultants, contractors, clients and customers that is not disclosed by the Company or any of its subsidiaries or affiliates for financial reporting purposes or otherwise generally made available to the public (other than by Executive's breach of the terms hereof) and that was learned or developed by Executive in the course of employment by the Company or any of its subsidiaries or affiliates, including (without limitation) any proprietary knowledge, trade secrets, data, formulae, information and client and customer lists and all papers, resumes, and records (including computer records) of the documents containing such Confidential Information. Executive acknowledges that such Confidential Information is specialized, unique in nature and of great value to the Company and its subsidiaries or affiliates, and that such information gives the Company and its subsidiaries or affiliates a competitive advantage. Executive agrees to deliver or return to the Company, at the Company's request at any time or upon termination or expiration of Executive's employment or as soon thereafter as possible, all documents, computer tapes and disks, records, lists, data, drawings, prints, notes and written information (and all copies thereof) furnished by the Company and its subsidiaries or affiliates or prepared by Executive in the course of Executive's employment by the Company and its subsidiaries or affiliates. As used in this Agreement, "subsidiaries" and "affiliates" shall mean any company controlled by, controlling or under common control with the Company.

(b) <u>NON-COMPETITION</u>. In consideration of this Agreement, and other good and valuable consideration provided hereunder, the receipt and sufficiency of which are hereby acknowledged by Executive, Executive hereby agrees and covenants that, during Executive's employment hereunder and for a period of twelve (12) months thereafter (the "Restricted Period"), Executive shall not, without the prior written consent of the Company, directly or indirectly, engage in or become associated with a Competitive Activity.

For purposes of this Section 2(b), (i) a "Competitive Activity" means any business or other endeavor involving Similar Products if such business or endeavor is in a country (including the United States) in which the Company (or any of its businesses) provides or planned to provide during Executive's employment hereunder such Similar Products; (ii) "Similar Products" means any products or services that are the same or similar to any of the types of products or services that the Company (or any of its businesses) provides, has provided or planned to provide during Executive's employment hereunder; and (iii) Executive shall be considered to have become "associated with a Competitive Activity" if Executive becomes directly or indirectly involved as an owner, principal, employee, officer, director, independent contractor, representative, stockholder, financial backer, agent, partner, member, advisor, lender, consultant or in any other individual or representative capacity with any individual, partnership, corporation or other organization that is engaged in a Competitive Activity.

Executive acknowledges that Executive's covenants under this Section 2(b) are a material inducement to the Company's entering into this Agreement. Further, Executive acknowledges that the restrictions set forth in this provision are reasonable and not greater than necessary to protect and maintain the proprietary and other legitimate business interests of the Company, and that the enforcement of these restrictions would not prevent Executive from earning a livelihood.

Notwithstanding the foregoing, Executive may make and retain investments during the Restricted Period, for investment purposes only, in less than one percent (1%) of the outstanding capital stock of any publicly-traded corporation engaged in a Competitive Activity if the stock of such corporation is either listed on a national stock exchange or on the NASDAQ National Market System if Executive is not otherwise affiliated with such corporation. In addition, this Section 2(b) shall not be violated by Executive commencing employment with a subsidiary, division, or unit of any entity that engages in a Competitive Activity so long as Executive and such subsidiary, division, or unit does not engage in a business in the Competitive Activity, and so long as Executive does not violate the provisions of Section 2(a) during such employment. Executive acknowledges that Executive's covenants under this Section 2(b) are a material inducement to the Company's entering into this Agreement.

(c) <u>NON-SOLICITATION OF EMPLOYEES</u>. Executive recognizes that Executive will possess Confidential Information about other employees, consultants and contractors of the Company and its subsidiaries or affiliates relating to their education, experience, skills, abilities, compensation and benefits, and inter-personal relationships with suppliers to and customers of the Company and its subsidiaries or affiliates. Executive recognizes that the information Executive will possess about these other employees, consultants and contractors is not generally known, is of substantial value to the Company and its subsidiaries or affiliates in developing their respective businesses and in securing and retaining customers, and will be acquired by Executive because of Executive's business position with the Company. Executive agrees that, during Executive's employment hereunder and for a period of twelve (12) months thereafter, Executive will not, directly or indirectly, hire or solicit or recruit any employee of (i) the Company and/or (ii) its subsidiaries and/or affiliates with whom Executive has had direct contact during Executive's employment hereunder, in each case, for the purpose of being employed by Executive or by any business, individual, partnership, firm, corporation or other entity on whose behalf Executive is acting as an agent, representative or employee and that Executive will not convey any such Confidential Information or trade secrets about employees of the Company or any of its subsidiaries to any other person except within the scope of Executive's duties hereunder.

(d) <u>NON-SOLICITATION OF BUSINESS PARTNERS</u>. During Executive's employment hereunder, and for a period of twelve (12) months thereafter, Executive shall not, without the prior written consent of the Company, persuade or encourage any business partners or business affiliates of (i) the Company and/or (ii) any of its subsidiaries and/or affiliates with whom Executive has direct contact during his employment hereunder, in each case, to cease doing business with the Company and/or any of its subsidiaries and/or affiliates or to engage in any business competitive with the Company and/or its subsidiaries and/or affiliates.

(e) PROPRIETARY RIGHTS; ASSIGNMENT. All Employee Developments (defined below) shall be considered works made for hire by Executive for the Company or, as applicable, its subsidiaries or affiliates, and Executive agrees that all rights of any kind in any Employee Developments belong exclusively to the Company. In order to permit the Company to exploit such Employee Developments, Executive shall promptly and fully report all such Employee Developments to the Company. Except in furtherance of Executive's obligations as an employee of the Company, Executive shall not use or reproduce any portion of any record associated with any Employee Development without prior written consent of the Company or, as applicable, its subsidiaries or affiliates. Executive agrees that in the event actions of Executive are required to ensure that such rights belong to the Company under applicable laws, Executive will cooperate and take whatever such actions are reasonably requested by the Company, whether during or after the Term, and without the need for separate or additional compensation. "Employee Developments" means any idea, know-how, discovery, invention, design, method, technique, improvement, enhancement, development, computer program, machine, algorithm or other work of authorship, whether developed, conceived or reduced to practice during or following the period of employment, that (i) concerns or relates to the actual or anticipated business, research or development activities, or operations of the Company or any of its subsidiaries or affiliates, or (ii) results from or is suggested by any undertaking assigned to Executive or work performed by Executive for or on behalf of the Company or any of its subsidiaries or affiliates, whether created alone or with others, during or after working hours, or (iii) uses, incorporates or is based on Company equipment, supplies, facilities, trade secrets or inventions of any form or type. All Confidential Information and all Employee Developments are and shall remain the sole property of the Company or any of its subsidiaries or affiliates. Executive shall acquire no proprietary interest in any Confidential Information or Employee Developments developed or acquired during the Term. To the extent Executive may, by operation of law or otherwise, acquire any right, title or interest in or to any Confidential Information or Employee Development, Executive hereby assigns and covenants to assign to the Company all such proprietary rights without the need for a separate writing or additional compensation. Executive shall, both during and after the Term, upon the Company's request, promptly execute, acknowledge, and deliver to the Company all such assignments, confirmations of assignment, certificates, and instruments, and shall promptly perform such other acts, as the Company may from time to time in its discretion deem necessary or desirable to evidence, establish, maintain, perfect, enforce or defend the Company's rights in Confidential Information and Employee Developments.

(f) <u>COMPLIANCE WITH POLICIES AND PROCEDURES</u>. During the period that Executive is employed with the Company hereunder, Executive shall adhere to the policies and standards of professionalism set forth in the policies and procedures of the Company and IAC as they may exist from time to time.

(g) <u>SURVIVAL OF PROVISIONS</u>. The obligations contained in this Section 2 shall, to the extent provided in this Section 2, survive the termination or expiration of Executive's employment with the Company and, as applicable, shall be fully enforceable thereafter in accordance with the terms of this Agreement. If it is determined by a court of competent jurisdiction that any restriction in this Section 2 is excessive in duration or scope or is unreasonable or unenforceable under applicable law, it is the intention of the parties that such restriction may be modified or amended by the court to render it enforceable to the maximum extent permitted by applicable law.

3. <u>ASSIGNMENT; SUCCESSORS</u>. This Agreement is personal in its nature and none of the parties hereto shall, without the consent of the others, assign or transfer this Agreement or any rights or obligations hereunder; provided, that the Company may assign this Agreement to, or allow any of its obligations to be fulfilled by, or take actions through, any affiliate of the Company and, in the event of the merger, consolidation, transfer, or sale of all or substantially all of the assets of the Company (a "Transaction") with or to any other individual or entity, this Agreement shall, subject to the provisions hereof, be binding upon and inure to the benefit of

such successor and such successor shall discharge and perform all the promises, covenants, duties, and obligations of the Company hereunder, and in the event of any such assignment or Transaction, all references herein to the "Company" shall refer to the Company's assignee or successor hereunder.

4. <u>WITHHOLDING</u>. The Company shall make such deductions and withhold such amounts from each payment and benefit made or provided to Executive hereunder, as may be required from time to time by applicable law, governmental regulation or order.

# 5. <u>SECTION 409A OF THE INTERNAL REVENUE CODE</u>.

(a) This Agreement is not intended to constitute a "nonqualified deferred compensation plan" within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended, and the rules and regulations issued thereunder ("Section 409A"). It is intended that any amounts payable under this Agreement and the Company's and Executive's exercise of authority or discretion hereunder shall comply with and avoid the imputation of any tax, penalty or interest under Section 409A of the Code. This Agreement shall be construed and interpreted consistent with that intent. In no event shall the Company be required to pay Executive any "gross-up" or other payment with respect to any taxes or penalties imposed under Section 409A with respect to any benefit paid to Executive hereunder.

(b) For purposes of this Agreement, a "Separation from Service" occurs when Executive dies, retires or otherwise has a termination of employment with the Company that constitutes a "separation from service" within the meaning of Treasury Regulation Section 1.409A-1(h)(1), without regard to the optional alternative definitions available thereunder.

(c) If Executive is a "specified employee" within the meaning of Treasury Regulation Section 1.409A-1(i) as of the date of Executive's Separation from Service, Executive shall not be entitled to any payment or benefit pursuant to Section 1(d) that constitutes nonqualified deferred compensation under Section 409A until the earlier of (i) the date which is six (6) months after her Separation from Service for any reason other than death, or (ii) the date of Executive's death. The provisions of this paragraph shall only apply if, and to the extent, required to avoid the imputation of any tax, penalty or interest pursuant to Section 409A. Any amounts otherwise payable to Executive upon or in the six (6) month period following Executive's Separation from Service that are not so paid by reason of this Section 6(c) shall be paid (without interest) as soon as practicable (and in all events within thirty (30) days) after the date that is six (6) months after

Executive's Separation from Service (or, if earlier, as soon as practicable, and in all events within thirty (30) days, after the date of Executive's death).

(d) To the extent that any reimbursement pursuant to this Agreement is taxable to Executive, Executive shall provide the Company with documentation of the related expenses promptly so as to facilitate the timing of the reimbursement payment contemplated by this paragraph, and any reimbursement payment due to Executive pursuant to such provision shall be paid to Executive on or before the last day of Executive's taxable year following the taxable year in which the related expense was incurred. Such reimbursement obligations pursuant to this Agreement are not subject to liquidation or exchange for another benefit and the amount of such benefits that Executive receives in one taxable year shall not affect the amount of such benefits that Executive receives in any other taxable year.

(e) In no event shall the Company be required to pay Executive any "gross-up" or other payment with respect to any taxes or penalties imposed under Section 409A with respect to any benefit paid to Executive hereunder. The Company agrees to take any reasonable steps requested by Executive to avoid adverse tax consequences to Executive as a result of any benefit to Executive hereunder being subject to Section 409A, provided that Executive shall, if requested, reimburse the Company for any incremental costs (other than incidental costs) associated with taking such steps. All payments to be made upon a termination of employment under this Agreement may only be made upon a "separation from service" under Section 409A.

(f) For purposes of Section 409A, Executive's right to receive any "installment" payments pursuant to this Agreement shall be treated as a right to receive a series of separate and distinct payments.

6. <u>HEADING REFERENCES</u>. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose. References to "this Agreement" or the use of the term "hereof" shall refer to these Standard Terms and Conditions and the Employment Agreement attached hereto, taken as a whole.

7. <u>REMEDIES FOR BREACH</u>. Executive expressly agrees and understands that Executive will notify the Company in writing of any alleged breach of this Agreement by the Company, and the Company will have thirty (30) days from receipt of Executive's notice to cure any such breach. Executive expressly agrees and understands that in the event of any termination of Executive's employment by the Company during the Term, the Company's contractual obligations to Executive shall be fulfilled through compliance with its obligations under Section 1 of the Standard Terms and Conditions.

Executive expressly agrees and understands that the remedy at law for any breach by Executive of Section 2 of the Standard Terms and Conditions will be inadequate and that damages flowing from such breach are not usually susceptible to being measured in monetary terms. Accordingly, it is acknowledged that, upon Executive's violation of any provision of such Section 2, the Company shall be entitled to obtain from any court of competent jurisdiction immediate injunctive relief and obtain a temporary order restraining any threatened or further breach as well as an equitable accounting of all profits or benefits arising out of such violation.

Nothing shall be deemed to limit the Company's remedies at law or in equity for any breach by Executive of any of the provisions of this Agreement, including Section 2, which may be pursued by or available to the Company.

8. <u>WAIVER; MODIFICATION</u>. Failure to insist upon strict compliance with any of the terms, covenants, or conditions hereof shall not be deemed a waiver of such term, covenant, or condition, nor shall any waiver or relinquishment of, or failure to insist upon strict compliance with, any right or power hereunder at any one or more times be deemed a waiver or relinquishment of such right or power at any other time or times. This Agreement shall not be modified in any respect except by a writing executed by each party hereto.

9. <u>SEVERABILITY</u>. In the event that a court of competent jurisdiction determines that any portion of this Agreement is in violation of any law or public policy, only the portions of this Agreement that violate such law or public policy shall be stricken. All portions of this Agree- ment that do not violate any statute or public policy shall continue in full force and effect. Further, any court order striking any portion of this Agreement shall modify the stricken terms as narrowly as possible to give as much effect as possible to the intentions of the parties under this Agreement.

10. <u>INDEMNIFICATION</u>. The Company shall indemnify and hold Executive harmless for acts and omissions in Executive's capacity as an officer, director or employee of the Company to the maximum extent permitted under applicable law; <u>provided</u>, <u>however</u>, that neither the Company, nor any of its subsidiaries or affiliates shall indemnify Executive for any losses incurred by Executive as a result of acts described in Section 1(c) of this Agreement.

In addition, upon termination for Cause or resignation in anticipation of being terminated for Cause, all RSUs shall be forfeited and canceled in their entirety upon such termination or resignation. In addition, if following any termination of employment for any reason, the Company becomes aware that during the two-year period prior to such termination there was an event or circumstance that constituted fraud (financial or otherwise) or that would have been grounds for termination for Cause that caused, or is reasonably likely to cause, meaningful damage (economic, reputational or otherwise) to the Company and/or any of its affiliates (the "Underlying Event"), then all RSUs that remain outstanding shall be canceled and forfeited in their entirety and if any portion of the RSUs vested after the Underlying Event, the Company shall be entitled to recover at any time within two years after such exercise any value received upon vesting.

	In the event of any other transaction that results in the common stock of the Company no longer being publicly traded, the Committee shall have the ability to adjust the Awards as it deems equitable and appropriate in a manner it determines in its sole discretion. In any such case, equitable and appropriate adjustments may include, without limitation: (a) the substitution of shares of Angi Class A common stock underlying the Awards with publicly-traded shares of the ultimate parent of the Company; or (b) the creation of a valuation and/or liquidity mechanism for the underlying shares of Angi Class A common stock underlying the awards which are no longer publicly traded.
Dividend Rights	No cash dividends will be paid on RSUs and/or on the shares of Angi Class A common stock underlying the RSUs. Form of Payout	Vested RSUs are settled in the form of shares of Angi Class A common stock.
Withholding Taxes	Upon vesting, RSUs are settled net of amounts necessary to cover withholding taxes, with shares of Angi Class A common stock withheld from vested awards.
