On July 13, 2022, the Registrant announced that IAC/InterActiveCorp (the Registrant's controlling shareholder ("IAC")) had posted preliminary monthly trends (year over year) for the Registrant through June 30, 2022 on the investor relations section of IAC's website (<https://ir.iac.com/quarterly-results>). These monthly trends, together with related commentary, are set forth immediately below.

Current monthly trends across the Registrant's businesses reflect the changing macro environment. Angi saw accelerating growth in June driven by its Ads and Leads business as the supply/demand dynamic normalizes following the negative impact from the pandemic over the past two years, as well as continuing to lap the March 2021 rebrand. The Registrant will provide further analysis of these results when it reports earnings for the quarter ended June 30, 2022 in August 2022.
