PROXY STATEMENT
QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Why did I receive a Notice of Internet Availability of Proxy Materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to deliver this proxy statement and our 2022 Annual Report on Form 10-K to the majority of our stockholders online in lieu of mailing printed copies of these materials to each of our stockholders (the “Notice Process”). If you received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail, you will not receive printed copies of our proxy materials unless you request them. Instead, the Notice provides instructions on how to access this proxy statement and our 2022 Annual Report on Form 10-K online, as well as how to obtain printed copies of these materials by mail. We believe that the Notice Process allows us to provide our stockholders with the information they need in a more timely manner than if we had elected to mail printed materials, while reducing the environmental impact of, and lowering the costs associated with, the printing and distribution of our proxy materials.

The Notice is being mailed on or about May 9, 2023 to stockholders of record at the close of business on April 26, 2023, and this proxy statement and our 2022 Annual Report on Form 10-K will be available at www.proxyvote.com beginning on May 9, 2023. If you received a Notice by mail but would rather receive printed copies of our proxy materials, please follow the instructions included in the Notice. You will not receive a Notice if you have previously elected to receive printed copies of our proxy materials.

Q: Can I vote my shares by filling out and returning the Notice?

A: No. However, the Notice contains instructions on how to vote your shares: (i) before the date of the Annual Meeting by way of completing and submitting your proxy online, by telephone or by requesting and returning a written proxy card by mail, or (ii) at the Annual Meeting online at www.virtualshareholdermeeting.com/ANGI2023.

Q: How do I participate in the Annual Meeting?

A: To participate in the Annual Meeting, go to www.virtualshareholdermeeting.com/ANGI2023 at the time and date of the Annual Meeting and enter the sixteen-digit control number included on your Notice, your proxy card or the instructions that accompanied your proxy materials.

Q: Who is entitled to vote at the Annual Meeting?

A: Holders of Angi Class A common stock and Angi Class B common stock at the close of business on April 26, 2023, the record date for the Annual Meeting established by the Angi board of directors, are entitled to receive notice of the Annual Meeting and to vote their shares at the Annual Meeting and any related adjournments or postponements.

At the close of business on April 26, 2023, there were 84,188,229 shares of Angi Class A common stock and 422,019,247 shares of Angi Class B common stock outstanding. Holders of Angi Class A common stock are entitled to one vote per share and holders of Angi Class B common stock are entitled to ten votes per share.

Q: What is the difference between a stockholder of record and a stockholder who holds shares of Angi Class A common stock in street name?

A: If your Angi shares are registered in your name, you are a stockholder of record. If your Angi shares are held in the name of your broker, bank or other holder of record, your shares are held in street name.

You may examine a list of the stockholders of record as of the close of business on April 26, 2023 for any purpose germane to the Annual Meeting during normal business hours during the 10-day period preceding the date of the meeting at the New York City offices of our controlling stockholder, IAC Inc. (“IAC”), located at 555 West 18th Street, New York, New York 10011.

Q: What shares are included on the enclosed proxy card?

A: If you are a stockholder of record only, you will receive a proxy card from Broadridge for all shares of Angi Class A common stock that you hold. If you hold your shares of Angi Class A common stock in street name through one or more banks, brokers and/or other holders of record, you will receive proxy materials, together with voting instructions and information regarding the consolidation of your votes, from the third party or parties through which you hold these shares. If you are a stockholder of record and hold additional shares of Angi Class A common stock in street name, you will receive proxy materials from Broadridge and the third party or parties through which you hold these shares.

Q: What are the quorum requirements for the Annual Meeting?

A: The presence at the Annual Meeting, in person or by proxy, of holders having a majority of the total votes entitled to be cast by holders of Angi Class A common stock and Angi Class B common stock at the Annual Meeting constitutes a quorum. Stockholders who participate in the Annual Meeting online at www.virtualshareholdermeeting.com/ANGI2023 will be deemed to be in-person attendees for purposes of determining whether a quorum has been met. Shares of Angi Class A common stock and Angi Class B common stock represented by proxy will be treated as present at the Annual Meeting for purposes of determining whether there is a quorum, without regard to whether the proxy is marked as casting a vote or abstaining.

Q: What matters will Angi stockholders vote on at the Annual Meeting?

A: Angi stockholders will vote on the following proposals:

- *Proposal 1* — to elect eleven members of the Angi board of directors, each to hold office until the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified (or, if earlier, such director's removal or resignation from the Angi board of directors);
- *Proposal 2* — to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2023 fiscal year; and
- to transact such other business as may properly come before the Annual Meeting and any related adjournments or postponements.

Q: What are my voting choices when voting for director nominees and what votes are required to elect directors to the Angi board of directors?

A: You may vote in favor of all director nominees, withhold votes as to all director nominees or vote in favor of (and withhold votes as to) specific director nominees.

The election of each of our director nominees requires the affirmative vote of a plurality of the total number of votes cast by holders of shares of Angi Class A common stock and Angi Class B common stock voting together as a single class (hereinafter collectively referred to as "Angi capital stock"), with each share of Angi Class A common stock and Angi Class B common stock representing the right to one and ten vote(s), respectively.

The Angi board of directors recommends a vote **FOR** the election of each of the director nominees.

Q: What are my voting choices when voting on the ratification of the appointment of Ernst & Young LLP as Angi's independent registered public accounting firm for 2023 and what votes are required to ratify this appointment?

A: You may vote in favor of the ratification, vote against the ratification or abstain from voting on the ratification.

The ratification of the appointment of Ernst & Young LLP as Angi's independent registered public accounting firm for 2023 requires the affirmative vote of a majority of the voting power of shares of Angi capital stock present at the Annual Meeting in person or represented by proxy and voting together.

The Angi board of directors recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as Angi's independent registered public accounting firm for 2023.

Q: How does IAC's ownership of all of the shares of Angi Class B common stock outstanding affect votes cast in connection with the Annual Meeting?

A: As of April 26, 2023 (the Annual Meeting record date), IAC beneficially owned and had the right to vote all of the shares of Angi Class B common outstanding, which holdings represented approximately 98.1% of the voting power of shares of Angi capital stock entitled to vote at the Annual Meeting. As a result, regardless of the vote of any other Angi stockholder, IAC has control over the vote on each matter submitted for stockholder approval at the Annual Meeting.

Q: Could other matters be decided at the Annual Meeting?

A: As of the date of this proxy statement, Angi did not know of any matters to be raised at the Annual Meeting, other than those referred to in this proxy statement.

If other matters are properly presented at the Annual Meeting for consideration, the two Angi officers who have been designated as proxies for the Annual Meeting, Shannon Shaw and Tanya M. Stanich, will each have the discretion to vote on those matters for stockholders who have submitted their proxy.

Q: What do I need to do now to submit a vote?

A: The Angi board of directors is soliciting proxies for use at the Annual Meeting. Stockholders may submit proxies to instruct the designated proxies to vote their shares in any of three ways:

- *Submitting a proxy online:* Submit your proxy online at www.proxyvote.com. Internet proxy voting is available 24 hours a day and will close at 11:59 p.m., Eastern Time, on Monday, June 19, 2023;
- *Submitting a proxy by telephone:* Submit your proxy by telephone by using the toll-free telephone number provided on your proxy card (1.800.690.6903). Telephone voting is available 24 hours a day and will close at 11:59 p.m., Eastern Time, on Monday, June 19, 2023; or
- *Submitting a proxy by mail:* If you choose to submit your proxy by mail, simply mark, date and sign your proxy and return it in the postage-paid envelope provided or to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

You may also participate in the Annual Meeting online at www.virtualshareholdermeeting.com/ANGI2023 and vote your shares online at that time, even if you have previously submitted your vote. To do so, you will need the sixteen-digit control number included on your Notice, your proxy card or the instructions from your broker that accompanied your proxy materials.

For shares of Angi Class A common stock held in street name, holders may submit a proxy online or by telephone before the date of the Annual Meeting if their broker, bank and/or other holder of record makes these methods available. If you submit a proxy online or by telephone, **DO NOT** request and return a printed proxy card. If you hold your shares through a broker, bank and/or other holder of record, follow the voting instructions you receive from your broker, bank and/or other holder of record.

Q: If I hold my Angi shares in street name, will my broker, bank or other holder of record vote my shares for me?

A: If you hold your shares of Angi Class A common stock in street name, you must provide your broker, bank and/or other holder of record with instructions in order to vote these shares. If you do not provide voting instructions, whether your shares can be voted depends on the type of item being considered for a vote.

Non-Discretionary Items. The election of directors is a non-discretionary item and may **NOT** be voted on by your broker, bank and/or other holder of record absent specific voting instructions from you. If you do not provide your bank, broker and/or other holder of record with voting instructions, your shares of Angi Class A common stock will be represented by broker non-votes in the case of this proposal.

Discretionary Items. The ratification of Ernst & Young LLP as Angi's independent registered public accounting firm for 2023 is a discretionary item. Generally, brokers, banks and/or other holders of record that do not receive voting instructions from you may vote on this proposal in their discretion, and these votes will be counted for purposes of determining a quorum.

Q: What effect do abstentions and broker non-votes have on quorum requirements and the voting results for each proposal to be voted on at the Annual Meeting?

A: Abstentions and shares represented by broker non-votes are counted as present for purposes of determining a quorum. Abstentions are treated as shares present and entitled to vote and, as a result, have the same effect as a vote against any proposal for which the voting standard is based on the number of shares present at the Annual Meeting (the auditor ratification proposal) and have no impact on the vote on any proposal for which the vote standard is based on the votes cast at the meeting (the election of directors). Shares represented by broker non-votes are not treated as shares entitled to vote and, as a result, have no effect on the outcome of any of the proposals to be voted on by stockholders at the Annual Meeting.

Q: Can I change my vote or revoke my proxy?

A: Yes. If you are a stockholder of record, you may change your vote or revoke your proxy at any time before the polls close at the Annual Meeting by:

- submitting a later-dated proxy relating to the same shares online, by telephone or by mail before the date of the Annual Meeting;
- delivering a written notice, bearing a date later than your proxy, stating that you revoke the proxy; or
- participating in the Annual Meeting and voting online at that time at www.virtualshareholdermeeting.com/ANGI2023 (although virtual attendance at the Annual Meeting will not, by itself, change your vote or revoke a proxy).

To change your vote or revoke your proxy before the date of the Annual Meeting, follow the instructions provided on your Notice, proxy card or proxy materials to do so online or by telephone, or send a written notice or a new proxy card to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

If you hold your shares of Angi Class A common stock through a broker, bank and/or other holder of record, follow the instructions that you receive from your broker, bank and/or other holder of record if you wish to change your vote or revoke your proxy.

Q: What if I do not specify a choice for a matter when submitting a proxy?

A: If you do not give specific instructions, proxies that are properly submitted will be voted **FOR** the election of all director nominees and **FOR** the ratification of the appointment of Ernst & Young LLP as Angi's independent registered public accounting firm for the 2023 fiscal year.

Q: How are proxies solicited and who bears the related costs?

A: Angi bears all expenses incurred in connection with the solicitation of proxies. In addition to solicitations by mail, directors, officers and employees of Angi may solicit proxies from stockholders by various means, including by telephone, e-mail, letter or in person. Following the initial mailing of the Notice and proxy materials, Angi will request brokers, banks and other holders of record to forward copies of these materials to persons for whom they hold shares of Angi Class A common stock and to request authority for the exercise of proxies. In such cases, Angi, upon the request of these holders of record, will reimburse these parties for their reasonable expenses.

Q: What should I do if I have questions regarding the Annual Meeting?

A: If you have any questions about the Annual Meeting, the various proposals to be voted on at the Annual Meeting and/or how to participate in the Annual Meeting online at www.virtualshareholdermeeting.com/ANGI2023 and vote at that time and/or would like copies of any of the documents referred to in this proxy statement, contact Angi Investor Relations at 1.212.314.7400 or ir@angi.com.

PROPOSAL 1— ELECTION OF DIRECTORS

Proposal and Required Vote

At the upcoming Annual Meeting, a board of eleven directors will be elected, each to hold office until the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified (or, if earlier, such director's removal or resignation from the Angi board of directors). As described under the caption Director Nominations on page 12, pursuant to an investor rights agreement between Angi and IAC, six directors were nominated by IAC and the remaining five directors were nominated by the Angi board of directors. IAC has nominated Christopher Halpin, Kendall Handler, Joseph Levin, Glenn H. Schiffman, Mark Stein and Suzy Welch. The Angi board of directors has nominated Angela R. Hicks Bowman, Thomas R. Evans, Alesia J. Haas, Sandra Buchanan Hurse and Jeremy Philips.

Although Angi management does not anticipate that any of the director nominees will be unable or unwilling to stand for re-election, in the event of such an occurrence, proxies may be voted for a substitute designated by the Angi board of directors.

The election of each Angi director nominee requires the affirmative vote of a plurality of the total number of votes cast by holders of shares of Angi capital stock voting together as a single class.

The Angi board of directors recommends a vote **FOR** the election of all director nominees.

Information Concerning Director Nominees

Background information about each director nominee is set forth below, including information regarding the specific experiences, characteristics, attributes and skills considered in connection with the nomination of each director nominee, all of which IAC and Angi's board of directors believe provide Angi with the perspective and judgment needed to guide, monitor and execute its strategies.

Mr. Philips is an adjunct professor at Columbia Business School and holds a Bachelor of Arts and a Bachelor of Laws from the University of New South Wales and a Master of Public Administration from the Harvard Kennedy School of Government. When concluding that Mr. Philips should serve as a director, the Angi board of directors considered his technology and marketplace expertise, as well as his strategic and operational experience acquired through his roles as a public company chief executive officer and other executive-level positions, high level of financial literacy and expertise regarding strategic investments and transactions.

Corporate Governance

Controlled Company Status. Angi is subject to the Marketplace Rules (the “Marketplace Rules”) of The Nasdaq Stock Market, LLC (“Nasdaq”), which exempt “Controlled Companies” from certain Nasdaq corporate governance requirements. A “Controlled Company” is a company of which more than 50% of the voting power is held by an individual, group or another company. IAC controls more than 50% of the voting power of Angi capital stock and has filed a Statement of Beneficial Ownership on Schedule 13D (and related amendments) regarding its Angi holdings with the SEC. On this basis, Angi is relying on the exemption for Controlled Companies from certain Nasdaq requirements, specifically, those that would otherwise require:

- that a majority of the Angi board of directors consists of “independent” directors, as such term is defined in the Marketplace Rules; and
- Angi to have a nominating/governance committee composed entirely of “independent” directors with a written charter addressing the committee’s purpose and responsibilities.

Pursuant to an investor rights agreement between Angi and IAC, we are obligated to avail ourselves of the exemption for Controlled Companies from certain Nasdaq requirements for so long as IAC controls more than 50% of Angi capital stock (and except as may be otherwise consented to by IAC).

Leadership Structure. Our business and affairs are overseen by the Angi board of directors, which currently has eleven members. The board of directors has an Audit Committee, an Executive Compensation Committee and a Compensation and Human Capital Committee. The Audit and Executive Compensation Committees are both comprised solely of independent directors. For more information regarding director independence and our Board committees, see the discussion under Director Independence on page 12 and The Board and Board Committees beginning on page 14. All of our directors play an active role in board matters, are encouraged to communicate among themselves and directly with the Chairman and Chief Executive Officer and have full access to Angi management at all times.

Our independent directors meet in scheduled executive sessions without management present at least twice a year and may schedule additional meetings as they deem appropriate. Angi does not have a lead independent director or any other formally appointed leader for these sessions. The independent membership of Angi’s Audit and Executive Compensation Committees ensures that directors with no ties to Angi management are charged with oversight for all financial reporting and executive compensation related decisions made by Angi management. At each regularly scheduled board meeting, the Chairperson of each of these committees will provide the full board with an update of all significant matters discussed, reviewed, considered and/or approved by the relevant committee since the last regularly scheduled board meeting.

Mr. Levin currently serves as our Chairman and Chief Executive Officer. Having served as Angi’s Chairman since September 2017, Mr. Levin is intimately familiar with our vision and strategic goals, as well as the risks and challenges we face. Mr. Levin also has extensive public board and leadership experience. In addition to this insight and experience, through his role as Chief Executive Officer of IAC, Mr. Levin has gleaned a wealth of unique knowledge and experience regarding Angi’s day-to-day operations and leadership team, as well as its various brands, products and platforms. Given this Angi-centric combination of knowledge, expertise and experience, the Company believes that Mr. Levin’s continued oversight as Chairman, coupled with his dedicated focus on the day-to-day management and continued growth of Angi and its various businesses as Chief Executive Officer, will help ensure that we can continue to move forward successfully with our vision and strategic goals, and accordingly, is the most appropriate leadership structure for Angi and its stockholders at this time.

Risk Oversight. Angi management is responsible for assessing and managing Angi’s exposure to various risks on a day-to-day basis, which responsibilities include the creation of appropriate risk management programs and policies. Angi management has developed and implemented guidelines and policies to identify, assess and manage significant risks facing Angi.

In developing this framework, Angi recognizes that leadership and success are impossible without taking risks; however, the imprudent acceptance of risks or the failure to appropriately identify and mitigate risks could adversely impact Angi stockholder value. The Angi board of directors is responsible for overseeing Angi management in the execution of its responsibilities and for assessing Angi's approach to risk management. The Angi board of directors exercises these responsibilities periodically as part of its meetings and through discussions with Angi management, as well as through the Audit Committee (which examines various components of financial and cybersecurity risks, among other risks) and the Compensation and Human Capital Committee (which examines compensation-related and workplace conduct risks, among other risks) as part of their responsibilities.

Information security and cybersecurity are key components of risk management at Angi and the Audit Committee is briefed each quarter (and where appropriate, the Angi board of directors) on the information security and cybersecurity programs of Angi and its various businesses and related priorities and controls. Certain compensation-related matters are also key components of risk management at Angi, with Angi periodically conducting risk assessments of its compensation policies and practices for its employees, including those related to its executive compensation programs. The goal of these assessments is to determine whether the general structure of Angi's compensation policies and programs and the administration of these programs pose any material risks to Angi. The findings of any risk assessment are discussed with the Compensation and Human Capital Committee and, where appropriate, the Angi board of directors. Based upon these assessments, Angi believes that its compensation policies and programs do not encourage excessive or unnecessary risk taking and are not reasonably likely to have a material adverse effect on Angi.

In addition, an overall review of risks is inherent in the consideration by the Angi board of directors of Angi's long-term strategies and in the transactions and other matters presented to the board, including significant capital expenditures, acquisitions and divestitures and financial matters. The role of the Angi board of directors in risk oversight of Angi is consistent with its leadership structure, with Angi's Chairman and Chief Executive Officer and other members of Angi senior management having responsibility for assessing and managing Angi's risk exposure, and the Angi board of directors and its committees providing oversight in connection with these efforts.

Hedging Policies and Practices. Angi's policy on securities trading provides that no director, officer or employee of Angi and its businesses may engage in transactions in publicly traded options, such as puts, calls and other derivative securities, relating to securities of Angi and/or its publicly traded affiliates, or engage in short sales with respect to securities of Angi and/or its publicly traded affiliates. This prohibition extends to any and all forms of hedging and monetization transactions, such as zero-cost collars and forward sale contracts (among other transactions).

Stock Ownership Policy. Angi has a stock ownership policy to further align the interests of its named executive officers ("NEOs") with those of its stockholders. The policy requires each of the Chief Executive Officer, Chief Financial Officer and other NEOs to hold a minimum number of shares of Angi Class A common stock by the fifth anniversary of their date of hire into an eligible position as follows: 1,000,000 shares for the Chief Executive Officer, 125,000 shares for the Chief Financial Officer and 75,000 shares for each other NEO. Mr. Russakoff was hired as Chief Executive Officer on June 9, 2022 and must attain his stock ownership guideline level by June 9, 2027 (as of the date of this proxy statement, he holds no shares of Angi Class A common stock). Mr. Kip has achieved his stock ownership guideline level (as of the date of this proxy statement, he holds 75,552 shares of Angi Class A common stock). Mr. Shanmugasundaram has achieved his stock ownership guideline level (as of the date of this proxy statement, he holds 81,023 shares of Angi Class A common stock). Ms. Shaw has achieved her stock ownership guideline level (as of the date of this proxy statement, she holds 328,604 shares of Angi Class A common stock). Angi NEOs generally must retain 25% of the net shares acquired upon the vesting or exercise of Angi equity awards (gross shares of Angi Class A common stock acquired upon vesting or exercise less shares of Angi Class A common stock sold or withheld to cover the exercise price (if applicable) and taxes due in connection with such vesting or exercise) until the applicable stock ownership guideline level is achieved.

Mr. Levin became our Chief Executive Officer on October 10, 2022 and has also served as Chief Executive Officer of IAC since June 2015. Given his recent assumption of the role of Chief Executive Officer of Angi, Mr. Levin has not yet attained his applicable stock ownership guideline level. However, given that he is currently in compliance with IAC's fulsome stock ownership policy, it is the Company's belief

that he is effectively bearing the risk of holding shares of Angi Class A common stock through his sizable IAC common stock holdings given the impact that Angi's results and the price per share of Angi Class A common stock have had on the price per share of IAC common stock historically. For additional information regarding Mr. Levin's compliance with IAC's stock ownership policy, see the disclosure under the caption Compensation Discussion and Analysis — Stock Ownership Policy in IAC's 2023 proxy statement, which was filed with the SEC on May 1, 2023 (the "IAC 2023 Proxy Statement").

Director Independence. Under the Marketplace Rules, the Angi board of directors has a responsibility to make an affirmative determination that those members of the board who serve as independent directors do not have any relationships with Angi and its businesses that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. When making independence determinations, the Angi board of directors reviews information regarding transactions, relationships and arrangements relevant to independence, including those required by the Marketplace Rules. Specifically, the Angi board of directors considers that in some cases in the ordinary course of business, Angi and its businesses and affiliates (including IAC and its other subsidiaries) may sell products and services to, and/or purchase products and services from, companies at which directors (or certain of their family members) are employed or serve as directors, or over which directors (or certain of their family members) may otherwise exert control and, if so, whether any payments were made to (or received from) such entities by Angi and its businesses and affiliates (including IAC and its other subsidiaries). Information relevant to independence determinations is obtained from director responses to questionnaires circulated by Angi management, as well as from Angi records and publicly available information. Once an independence determination is made, Angi management monitors those transactions, relationships and arrangements that were relevant to such determination, as well as periodically solicits updated information potentially relevant to independence from internal personnel and directors, to determine whether there have been any developments that could potentially have an adverse impact on prior independence determinations.

In December 2022, the Angi board of directors determined that each of Messrs. Evans and Philips and Ms. Haas and Hurse are independent. In the case of Messrs. Evans and Philips and Ms. Haas and Hurse, no relationships of the type that would preclude a determination of independence under the Marketplace Rules or otherwise interfere with the exercise of independent judgment in carrying out the responsibilities of a director were identified for consideration.

Of the remaining seven director nominees, six (Ms. Hicks Bowman and Handler, and Messrs. Halpin, Levin, Schiffman and Stein) are officers or former officers of Angi or IAC. And, in the case of Ms. Welch, a family member provided consulting services to IAC in 2019 and received fees from IAC for such services. Given these relationships, none of these directors was determined to be independent.

In addition to the satisfaction of the director independence requirements set forth in the Marketplace Rules, in December 2022, the Angi board of directors also concluded that the members of the Audit and Executive Compensation Committees have satisfied separate independence requirements under the current standards imposed by the SEC and the Marketplace Rules for audit and compensation committee members.

Director Nominations. Pursuant to an investor rights agreement between Angi and IAC, IAC has the right to nominate a certain number of our directors (currently six) corresponding to its degree of equity and voting interest in us until such time as its equity and voting interest are both less than 10%, as well as appoint replacements of its designated directors should such individuals become unable or unwilling to serve. IAC has nominated Messrs. Levin, Halpin, Schiffman and Stein and Ms. Handler and Welch, and the remaining five directors (Messrs. Evans and Philips and Ms. Hicks Bowman, Haas and Hurse) were nominated by the Angi board of directors.

As a result of IAC's rights under the investor rights agreement and the Controlled Company exemption, the Angi board of directors does not have a nominating committee or other committee performing similar functions nor any formal policy on nominations. While there are no specific requirements for eligibility to serve as a member of the Angi board of directors, in evaluating candidates, the board will consider (regardless of how the candidate was identified or recommended) whether the professional and personal ethics and values of the candidate are consistent with those of Angi, whether the candidate's experience and expertise would be beneficial to the board, whether the candidate is willing and able to devote the necessary time and energy to the work of the board and whether the candidate is prepared and qualified to represent the

best interests of Angi’s stockholders. The Angi board of directors believes that the interests of Angi stockholders are best served when the board has a diverse balance of experience, skills and characteristics because it encourages a fuller discussion on board topics from a variety of viewpoints and with the benefit of many different experiences. Although the board does not have a formal diversity policy, the board considers the overall diversity of the experiences, characteristics, attributes, skills and backgrounds of candidates relative to those of other board members. The Company believes that the current board composition represents diverse experience and skills appropriate to Angi’s business. As contemplated by the board diversity requirements set forth in the Marketplace Rules, certain gender and demographic information for the Angi board of directors is set forth in the following matrix:

The Angi board of directors does not have a formal policy regarding the consideration of director nominees recommended by stockholders, as to date, Angi has not received any such recommendations. However, the Angi board of directors would consider such recommendations, if made in the future. Stockholders who wish to make such a recommendation should send the recommendation to Angi Inc., 130 East Washington Street, Suite 1100, Indianapolis, Indiana 46240, Attention: Corporate Secretary. The envelope must contain a clear notation that the enclosed letter is a “Director Nominee Recommendation.” The letter must identify the author as a stockholder, provide a brief summary of the candidate’s qualifications and history, together with an indication that the recommended individual would be willing to serve (if elected), and must be accompanied by evidence of the sender’s stock ownership. Any director recommendations will be reviewed by the Corporate Secretary and the Chairman and, if deemed appropriate, will be shared with the full Angi board of directors for further review.

Communications with the Angi Board. Stockholders who wish to communicate with the Angi board of directors or a particular director may send such communication to Angi Inc., 130 East Washington Street, Suite 1100, Indianapolis, Indiana 46240, Attention: Corporate Secretary.

The mailing envelope must contain a clear notation indicating that the enclosed letter is a “Stockholder — Board Communication” or “Stockholder — Director Communication.” All such letters must identify the sender as a stockholder, provide evidence of the sender’s stock ownership and clearly state whether the intended recipients are all members of the Angi board of directors or a particular director or directors. The Corporate Secretary will then review such correspondence and forward it to the Angi board of director, (or to the specified director(s)) if appropriate.

The Board and Board Committees

The Board. The Angi board of directors met six times and took action by written consent one time in 2022. All incumbent directors attended at least 75% of the meetings of the board and the board committees

on which they served during 2022. Directors are not required to attend annual meetings of Angi stockholders. Two members of the Angi board of directors attended the Company's 2022 Annual Meeting of Stockholders.

The Angi board of directors currently has three standing committees: the Audit Committee, the Executive Compensation Committee and the Compensation and Human Capital Committee.

Audit Committee. The members of the Audit Committee are Messrs. Evans and Philips and Ms. Haas, with Ms. Haas serving as the Chairperson of such committee. The Audit Committee met eight times and did not take any action by written consent in 2022.

The Audit Committee is appointed by the Angi board of directors and functions pursuant to a written charter adopted by the board, the most recent version of which is filed as Appendix A to this proxy statement. The Audit Committee assists the board with a variety of matters described in its charter, which include monitoring: (i) the integrity of Angi's financial statements, (ii) the effectiveness of Angi's internal control over financial reporting, (iii) the qualifications and independence of Angi's independent registered public accounting firm, (iv) the performance of Angi's internal audit function and independent registered public accounting firm, (v) Angi's risk assessment and risk management policies as they relate to financial, cybersecurity and other risk exposures, and (vi) the compliance by Angi with legal and regulatory requirements. In fulfilling its purpose, the Audit Committee maintains free and open communication among itself, Angi's independent registered public accounting firm, Angi's internal auditors and Angi management. The formal report of the Audit Committee is set forth on page 17.

The Angi board of directors has concluded that Ms. Haas is an "audit committee financial expert," as such term is defined in applicable SEC and Marketplace Rules and has satisfied the independence requirements set forth therein.

Executive Compensation and Compensation and Human Capital Committees. The members of: (i) the Executive Compensation Committee are Mr. Evans and Mses. Haas and Hurse and (ii) the Compensation and Human Capital Committee are Mr. Evans and Mses. Haas, Hurse and Welch, with Mr. Evans serving as the Chairperson of both committees. The Executive Compensation Committee met twice and took action by written consent nine times in 2022. The Compensation and Human Capital Committee met twice and took action by written consent twelve times in 2022.

Both committees are appointed by the Angi board of directors and each committee functions pursuant to a written charter adopted by the board, the most recent versions of which are filed as Appendices B and C, respectively, to this proxy statement. Except for those matters reserved exclusively for the Executive Compensation Committee (as described below), both committees assist the Angi board of directors with all matters relating to, and have overall responsibility for approving and evaluating, all Angi compensation plans, policies and programs. Since February 2023, the Compensation and Human Capital Committee has also had oversight responsibility for Angi's risk assessment and management policies related to workplace conduct. Both committees may form and delegate authority to subcommittees and may delegate authority to one or more of their respective members. While the committees generally meet and take action jointly, where appropriate or required, either committee can take action unilaterally. In addition, the Compensation and Human Capital Committee may also delegate to one or more specified Angi officers its authority to make grants of equity-based compensation to the extent allowed under applicable law.

Matters reserved exclusively for the Executive Compensation Committee relate to the compensation of Angi's Chief Executive Officer and other "officers" (as such term is defined in Rule 16a-1(f) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")). Accordingly, the Executive Compensation Committee has overall responsibility for approving and evaluating all Angi compensation plans, policies and programs in which these officers are the exclusive participants and any Angi compensation plans, policies, and programs that may affect such officers.

For additional information on Angi's processes and procedures for the consideration and determination of executive compensation and the related roles of the Executive Compensation and Compensation and Human Capital Committees, Angi management and consultants, see the discussion under Compensation Discussion and Analysis generally beginning on page 21. The joint report of the Executive Compensation and Compensation and Human Capital Committees is set forth on page 27.

**PROPOSAL 2 — RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Subject to stockholder ratification, the Audit Committee has appointed Ernst & Young LLP as Angi's independent registered public accounting firm for the fiscal year ending December 31, 2023.

The Audit Committee annually evaluates the performance of Ernst & Young LLP and determines whether to continue to retain such firm or consider the retention of another firm. In appointing Ernst & Young LLP as Angi's independent registered public accounting firm for 2023, the Audit Committee considered: (i) the firm's performance as Angi's independent registered public accounting firm, (ii) the fact that the firm has served as the independent registered public accounting firm for IAC (which included certain Angi businesses when they were wholly-owned by IAC) since 1996 and previously served as the independent registered public accounting firm for Angi's List for many years when it was an independent public company, (iii) the firm's independence with respect to the services to be performed for Angi and (iv) the firm's strong and considerable qualifications and general reputation for adherence to professional auditing standards.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting and will be given an opportunity to make a statement if he or she so chooses and will be available to respond to appropriate questions.

Ratification of the appointment of Ernst & Young LLP as Angi's independent registered public accounting firm requires the affirmative vote of a majority of the voting power of shares of Angi capital stock present at the Annual Meeting in person or represented by proxy and voting together.

The Angi board of directors recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as Angi's independent registered public accounting firm for 2023.

AUDIT COMMITTEE MATTERS

Audit Committee Report

The Audit Committee functions pursuant to a written charter adopted by the Angi board of directors, the most recent version of which is filed as Appendix A to this proxy statement. The Audit Committee charter governs the operations of the Audit Committee and sets forth its responsibilities, which include providing assistance to the board with the monitoring of: (i) the integrity of Angi's financial statements, (ii) the effectiveness of Angi's internal control over financial reporting, (iii) the qualifications and independence of Angi's independent registered public accounting firm, (iv) the performance of Angi's internal audit function and independent registered public accounting firm, (v) Angi's risk assessment and risk management policies as they relate to financial, cybersecurity, and other risk exposures, and (vi) the compliance by Angi with legal and regulatory requirements. It is not the duty of the Audit Committee to plan or conduct audits or to determine that Angi's financial statements and disclosures are complete, accurate and have been prepared in accordance with generally accepted accounting principles and applicable rules and regulations. Management is responsible for the Company's financial reporting process, including systems of internal control over financial reporting. The independent registered public accountants are responsible for performing an independent audit of the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB"), and to issue a report thereon. The Audit Committee's responsibility is to engage the independent auditor and otherwise to monitor and oversee these processes.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements of Angi for the year ended December 31, 2022 with Angi's management and Ernst & Young LLP, Angi's independent registered public accounting firm.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by the applicable requirements of the PCAOB and the SEC. In addition, the Audit Committee has received the written disclosures and letter from Ernst & Young required by applicable requirements of the PCAOB regarding Ernst & Young's communications with the Audit Committee concerning independence and has discussed with Ernst & Young its independence from Angi and its management.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of Angi be included in Angi's Annual Report on Form 10-K for the year ended December 31, 2022 for filing with the SEC.

Audit and Non-Audit Services Pre-Approval Policy

The Audit Committee has a policy governing the pre-approval of all audit and permitted non-audit services performed by Angi's independent registered public accounting firm in order to ensure that the provision of these services does not impair such firm's independence from Angi and its management. Unless a type of service to be provided by Angi's independent registered public accounting firm has received general pre-approval, it requires specific pre-approval by the Audit Committee. Any proposed services in excess of pre-approved cost levels also require specific pre-approval by the Audit Committee. In all pre-approval instances, the Audit Committee considers whether such services are consistent with SEC rules regarding auditor independence.

All Tax services require specific pre-approval by the Audit Committee. In addition, the Audit Committee has designated specific services that have the pre-approval of the Audit Committee (each of which is subject to pre-approved cost levels) and has classified these pre-approved services into one of three categories: Audit, Audit-Related and All Other (excluding Tax). The term of any pre-approval is twelve months from the date of the pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee reviews the list of pre-approved services from time to time and will revise it (as and if appropriate). Pre-approved fee levels for all services to be provided by Angi's independent registered public accounting firm are established periodically from time to time by the Audit Committee.

Pursuant to this pre-approval policy, the Audit Committee may delegate its authority to grant pre-approvals to one or more of its members and has currently delegated this authority to its Chairperson. The decisions of the Chairperson (or any other member(s) to whom such authority may be delegated) to grant pre-approvals must be presented to the full Audit Committee at its next scheduled meeting. The Audit Committee may not delegate its responsibilities to pre-approve services to management.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (the “CD&A”) provides information regarding Angi’s compensation program as it relates to the following persons, whom we refer to in this CD&A as our “named executive officers” (the “NEOs”) for the year ended December 31, 2022:

Current Executive Officers:

- Joseph Levin, Chief Executive Officer (effective October 10, 2022);
- Andrew Russakoff, Chief Financial Officer (effective June 9, 2022);
- Jeffrey W. Kip, Chief Executive Officer, HomeAdvisor International;
- Kulesh Shanmugasundaram, Chief Technology Officer; and
- Shannon Shaw, Chief Legal Officer;

Former Executive Officers:

- Oisín Hanrahan, Chief Executive Officer (through October 10, 2022);
- Jeff Pedersen, Chief Financial Officer (through June 9, 2022); and
- Umang Dua, Chief Revenue Officer — Services (through December 5, 2022).

Philosophy and Objectives

Angi’s executive officer compensation program is designed to increase long-term value by attracting, retaining, motivating and rewarding leaders with the competence, character, experience and ambition necessary to enable us to meet our growth objectives.

When establishing compensation packages for a given executive, we follow a flexible approach, and make decisions based on a host of factors particular to a given executive’s situation, including our firsthand experience with the competition for recruiting and retaining executives, negotiation and discussion with the relevant individual, competitive survey data, internal equity considerations and other factors we deem relevant at the time.

Similarly, we do not follow an arithmetic approach to establishing ongoing compensation levels and measuring and rewarding short-term and long-term performance, as we believe this approach often fails to adequately take into account the multiple factors that contribute to success at the individual executive officer and business level. In any given period, we may have multiple objectives, and these objectives (and their relative importance) often change as the competitive and strategic landscape shifts, even within a given compensation cycle. As a result, formulaic approaches often over-compensate or under-compensate a given performance level. Accordingly, we have historically avoided the use of strict formulas in our compensation practices and have relied primarily on a discretionary approach.

While we consider market data in establishing broad compensation programs and practices and periodically assess the compensation associated with particular executive positions, we do not definitively rely on competitive survey data or any benchmarking information in establishing executive compensation. We make decisions based on a host of factors particular to a given executive officer’s situation, including those described above and our understanding of the current environment, and believe that over-reliance on survey data (or a benchmarking approach) is too rigid and stale for the dynamic and fast changing marketplace for talent in which we participate.

Roles and Responsibilities

We have a Compensation and Human Capital Committee, consisting of Mr. Evans and Ms. Haas, Hulse and Welch, that has the primary responsibility for establishing our compensation philosophy and programs, and an Executive Compensation Committee (referred to in this CD&A as the “Committee”), consisting of Mr. Evans and Ms. Haas and Hulse, three independent directors who have the primary responsibility of determining appropriate payments and awards to our NEOs and other executive officers. The Committee reserves the right to solicit the advice of consulting firms and engage legal counsel, as

appropriate. Angi management may also solicit survey or peer compensation data from various consulting firms from time to time and review such information with the Committee.

All compensation decisions referred to throughout this CD&A have been made by the Committee, based (in part) on recommendations from Mr. Hanrahan, the Company's former Chief Executive Officer (as it relates to compensation decisions made prior to his departure), and Mr. Levin, the Company's current Chairman and Chief Executive Officer, in each case, except with respect to his own compensation. Certain of our executive officers participate in structuring Company-wide compensation programs and in establishing appropriate bonus and equity pools.

In late 2021, Angi management engaged Compensation Advisory Partners ("CAP") to provide comparative market data in connection with its own analysis of Angi's equity and other compensation practices. While this information was reviewed with the Committee, CAP did not have any role in determining or recommending the amount or form of Angi executive compensation for 2022.

In early 2023, Mr. Levin met with the Committee and discussed his view of the Company's performance, as well as individual executive officer performance for 2022. Thereafter, the Committee members met and discussed these recommendations and ultimately determined the annual bonus amount for each of our NEOs and our other executive officers. In establishing a given executive officer's compensation package, each individual component is evaluated independently and in relation to the package as a whole. Prior compensation histories and outstanding long-term compensation arrangements are also reviewed and taken into account. However, we do not believe in any formulaic relationship or targeted allocation between these elements. Instead, each individual executive officer's situation is evaluated on a case-by-case basis each year, considering a variety of relevant factors at that time.

In connection with the Company's preparation for its annual compensation review in late 2022, the Committee retained Compensia, Inc. ("Compensia"), an independent compensation consulting firm. As part of the annual compensation review process, the Company asked Compensia to conduct a competitive market assessment of the Company's executive compensation program. Compensia compiled data from proxy statements and other SEC filings of peer companies and industry specific compensation survey data regarding compensation for executive officer positions, where available, to assist the Committee in its general understanding of current compensation practices. Compensia also provides the Committee, on at least an annual basis, with input on recent developments and best practices, emerging trends and regulatory issues concerning executive compensation.

Based on the consideration of the various independence factors specified in applicable SEC and Marketplace Rules, and a review of these factors for 2022, the Committee determined that its relationship with Compensia, and the work of Compensia on behalf of the Committee, does not raise any conflict of interest. The Committee will review the independence of Compensia (or any compensation consultant) annually.

Compensation Elements

General

Compensation packages for each of our NEOs and other executive officers have primarily consisted of salary, annual bonuses, long term incentives (typically equity awards) and, to a more limited extent, perquisites and other benefits. Prior to making specific decisions related to any particular element of compensation, we review the total compensation of each executive officer, evaluating total near- and long-term compensation in the aggregate. We determine which element or combinations of compensation elements (salary, bonus and/or equity) can be used most effectively to further our compensation objectives. However, all such decisions are subjective, and made on a facts and circumstances basis without any prescribed relationship among the various elements of the total compensation package.

CEO Compensation

Mr. Levin, our Chairman and Chief Executive Officer, also serves as Chief Executive Officer of IAC, our controlling shareholder. Mr. Levin does not receive any compensation directly from Angi. Mr. Levin

receives compensation directly from IAC, as approved by IAC's Compensation and Human Capital Committee. Upon his appointment as Chief Executive Officer of Angi on October 10, 2022, a portion of Mr. Levin's IAC compensation was allocated to Angi based on the amount of time spent on matters for each of Angi and IAC. This allocation methodology was deemed reasonable, and therefore approved by the Committee. In addition, in early 2023, the Committee reviewed historical information on compensation paid to former Company chief executive officers and peer data to confirm the reasonableness of the allocated amounts relating to Mr. Levin's bonus and other cash and non-cash compensation. This allocation methodology will be reviewed periodically, as appropriate.

Salary

A new executive officer's starting salary is typically negotiated upon arrival, based on the executive officer's prior compensation history, prior compensation levels for the particular position at the Company, the executive officer's location, salary levels of other executive officers, salary levels available to the individual in alternative opportunities, reference to certain survey information and the extent to which we desire to secure the executive officer's services.

Once established, salaries can increase based on a number of factors, including the assumption of additional responsibilities, internal equity, periodic market checks and other factors that demonstrate an executive officer's increased value. The Company agreed upon a starting salary with Mr. Russakoff in connection with his joining the Company in June 2022. In addition, after consideration of market data and discussions with Mr. Shanmugasundaram, his salary was increased on December 15, 2022 to \$500,000. No other executive officer's salary was adjusted during 2022.

Annual Bonuses

General. Angi's annual bonus program is designed to reward performance on an annual basis. Because of the variable nature of the bonus program, and because in any given year bonuses have the potential to make up a significant portion of an executive officer's total compensation, the bonus program provides an important incentive tool to achieve annual objectives. The Company generally pays annual bonuses shortly after year-end following the finalization of financial results for the prior year.

The determination of bonus amounts is based on a non-formulaic assessment of factors that vary from year to year and success is measured subjectively. In setting individual annual bonus amounts for executive officers, the Committee considers a variety of factors regarding the Company's overall performance, such as growth in revenue and profitability, achievement of strategic objectives by the Company and its positioning for future growth, an individual's performance and contribution to the Company, and, in the case of NEOs, the bonus amount for each NEO relative to other NEOs. No quantified weight is given to any particular consideration. The Committee engages in an overall assessment of appropriate bonus levels based on consideration of corporate and individual performance factors, as applicable.

NEO and other executive officer bonuses may be highly variable from year-to-year depending on Company performance and, in certain circumstances, individual executive officer performance. Accordingly, we believe that our bonus program provides strong incentive to support the Company's strategic development and growth.

2022 Bonuses. In determining bonuses for 2022 performance for executive officers (other than Mr. Levin), the Committee considered a variety of factors, including: (i) continued efforts relating to the Company's rebranding and business integration, including the renaming of the Company to Angi Inc. and updating of a leading brand, Angie's List, to Angi, (ii) improved revenue and gross profit, delivering almost \$1.8 billion in revenue, including 4% growth at the Ads and Leads business and 31% growth at the Services business, and \$1.4 billion of consolidated gross profit, and (iii) implementing cost-cutting and other strategic initiatives to position the Company for long-term growth. In addition, 2022 achievements were considered and compared to achievements and bonus levels in prior years and market data was considered as well. As noted above, in setting individual bonus amounts, there was no weight assigned to any specific factor and no application of a formulaic calculation.

Long-Term Incentives

General. The Committee believes that providing a meaningful equity stake in our business is essential to create compensation opportunities that can compete, on a risk-adjusted basis, with other employment opportunities in a competitive marketplace. In addition, the Committee believes that ownership shapes behavior, and that by providing compensation in the form of equity awards, we align executive officer incentives with stockholder interests in a manner that we believe drives superior performance over time.

In setting particular equity award levels, the predominant objectives have been providing effective retention incentives, appropriate rewards for past performance and incentives for strong future performance. Appropriate levels to meet these goals may vary from year to year, and from individual to individual, based on a variety of factors. The annual corporate performance factors relevant to setting bonus amounts that were discussed above are also taken into account, although equity awards tend to be more forward-looking, and are a longer-term retention and reward instrument than annual bonuses. For the equity awards described below, vesting is conditioned upon the NEO's continued service through the vesting date(s), except as noted immediately below or under the Severance section below.

2022 Equity Awards. In 2022, the Committee granted Angi restricted stock units ("RSUs") to our NEOs with the following grant date fair values:

Named Executive Officers	2022 RSU Grants
Joseph Levin	—
Andrew Russakoff	\$4,699,997
Jeffrey W. Kip	—
Kulesh Shanmugasundaram	\$1,499,996
Shannon Shaw	\$1,619,503
Oisin Hanrahan	\$2,444,754
Jeff Pedersen	—
Umang Dua	\$7,999,997

The Angi RSUs granted to our NEOs in 2022 will vest, subject to continued service, as described under the caption Grants of Plan-Based Awards in 2022. Mr. Russakoff's awards were granted in connection with his assuming the role of Chief Financial Officer. The awards were intended to compensate Mr. Russakoff for amounts he would otherwise have been entitled to receive from his prior employer and also reflected the Committee's view of an appropriate award given his qualifications for the role and an appropriate incentive for the contributions he would be expected to make at Angi. Mr. Dua's award was in recognition of his ongoing efforts in building the Services business and was scheduled to vest, subject to continued service, in 2024 and 2025, which was after all of his other then outstanding Angi equity awards would have vested. This award was forfeited and canceled in its entirety following the termination of Mr. Dua's employment on March 31, 2023. For a discussion regarding the treatment of Mr. Hanrahan's award following the termination of his employment on October 10, 2022, see Grants of Plan-Based Awards in 2022.

2022 Employment Related Arrangements

New Employment Agreement for Mr. Russakoff. In connection with Mr. Russakoff's appointment, the Company and Mr. Russakoff entered into an employment agreement (the "Employment Agreement"), pursuant to which Mr. Russakoff became our Chief Financial Officer on June 9, 2022 (the "Effective Date"). The Employment Agreement has a scheduled term of one year from the Effective Date and provides for automatic renewals for successive one-year terms absent written notice from the Company or Mr. Russakoff 90 days prior to the expiration of the then current term.

The Employment Agreement provides that during the term, Mr. Russakoff will be eligible to receive an annual base salary (currently \$400,000), annual discretionary bonuses with a target amount equal to 100% of his annual base salary, equity awards and such other employee benefits as may be reasonably determined by the Committee from time to time. Notwithstanding the foregoing, Mr. Russakoff's bonus for 2022 performance was prorated to a target of \$315,000.

The Employment Agreement also provides that Mr. Russakoff will receive: (i) Angi restricted stock units with a grant date value of \$3,000,000 that vest in equal installments over three years on the anniversary of the grant date (June 9, 2022), and (ii) Angi restricted stock units with a grant date value of \$1,700,000 that vest in one lump sum installment on February 15, 2025 (the “2022 Cliff Vesting Award”), in each case, subject to continued service.

Upon a termination of Mr. Russakoff’s employment by Angi without cause (and other than by reason of death or disability) or due to Mr. Russakoff’s resignation for good reason (both as defined in the Employment Agreement) or the timely delivery of a non-renewal notice by Angi, subject to the execution and non-revocation of a release, and his compliance with the restrictive covenants set forth below: (i) Angi will continue to pay Mr. Russakoff his annual base salary for one (1) year following such termination or resignation (the “Severance Period”) and (ii) all unvested Angi equity awards (including any cliff vesting awards (other than the 2022 Cliff Vesting Award), which will be pro-rated as though such awards had an annual vesting schedule) held by Mr. Russakoff that would have otherwise vested during the Severance Period will vest as of the date of his termination of employment. The 2022 Cliff Vesting Award, to the extent unvested, will also vest as of the date of his termination of employment as follows:

Prior to February 15, 2023	60%
On or after February 15, 2023, but prior to February 15, 2024	80%
On or after February 15, 2024	100%

Pursuant to the Employment Agreement, Mr. Russakoff is bound by a covenant not to compete with Angi and its businesses during the term of his employment and the Severance Period and by covenants not to solicit Angi’s employees or business partners during the term of his employment and for twelve (12) months after termination or resignation. In addition, Mr. Russakoff has agreed not to use or disclose any confidential information of Angi or its affiliates and to be bound by customary covenants relating to proprietary rights and the related assignment of such rights.

Separation Agreements and Transition Agreement. During 2022, the Company entered into: (i) separation agreements with Messrs. Hanrahan and Pedersen in connection with each of them stepping down from their respective roles with the Company and (ii) a transition agreement with Mr. Dua in connection with his stepping down from his role as Chief Revenue Officer Services and his agreement to serve as a Senior Advisor to the Company through March 31, 2023. See Estimated Potential Payments Upon Termination or Change in Control for the principal terms of each of these agreements. Certain amounts paid or to be paid to Mr. Hanrahan were in addition to amounts he would have been entitled to under his employment agreement in consideration of his agreeing to assist with transition matters.

Change of Control

Angi equity awards for NEOs and certain other executive officers generally include a “double-trigger” change of control provision, which provides for the acceleration of the vesting of outstanding equity awards in connection with a change of control only when an award holder suffers an involuntary termination of employment during the two-year period following such change of control. We believe that providing for the acceleration of the vesting of equity awards in these circumstances will assist in the retention of our executive officers through a change of control transaction. For purposes of this discussion and the discussion below under the Severance caption, the term “involuntary termination” means a termination by the Company without cause or a resignation for good reason or similar construct.

Severance

We generally provide our NEOs and certain other executive officers with some amount of salary continuation and the acceleration of the vesting of some equity awards in the event of an involuntary termination of employment. Because we tend to promote our executive officers from within, after competence and commitment have generally been established, we believe that the likelihood of the vesting of equity awards being accelerated is typically low, and yet we believe that by providing this benefit we increase the retentive effect of our equity program, which serves as our most important retention incentive. The Company

generally does not provide for the acceleration of the vesting of equity awards in the event an executive officer voluntarily resigns from the Company.

Other Compensation

Under limited circumstances, certain of our NEOs have received non-cash and non-equity compensatory benefits. These benefits are included as other compensation in the Summary Compensation Table on page 28. Our NEOs and other executive officers do not participate in any deferred compensation or retirement program other than IAC's 401(k) plan.

Tax Deductibility

Effective for taxable years beginning after December 31, 2017, compensation in excess of \$1 million paid to Angi's current NEOs, including its Chief Executive Officer and Chief Financial Officer, and certain former NEOs, will not be deductible by reason of Section 162(m) of the Code unless it qualifies for limited transition relief applicable to certain arrangements in place as of November 2, 2017 ("Grandfathered Arrangements"). The Committee reserves the right to modify Grandfathered Arrangements in a manner that results in the loss of a compensation deduction if it determines that such modifications are consistent with Angi's best interests.

In addition, the Committee believes that, in establishing the cash and equity incentive compensation plans and arrangements for the Company's executive officers, the potential deductibility of the compensation payable under those plans and arrangements is just one relevant factor to consider. For that reason, the Committee may deem it appropriate to provide one or more of the Company's executive officers with the opportunity to earn incentive compensation, whether through cash incentive awards tied to its financial performance or equity incentive awards tied to a given executive officer's continued service, which may be in excess of the amount deductible by reason of Section 162(m) of the Code. The Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the individuals essential to the Company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Accounting for Stock-Based Compensation

The Company follows Financial Accounting Standard Board Accounting Standards Codification Topic 718 ("ASC 718") for its stock-based compensation awards. ASC 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

PAY VERSUS PERFORMANCE DISCLOSURE

Overview

As required by Item 402(v) of Regulation S-K (“Item 402(v)”), we are providing certain disclosure regarding executive compensation for our current and former Chief Executive Officers and our other current and former NEOs as a group (collectively, the “non-CEO NEOs”) on an average basis, as well as certain performance measures, for the fiscal years ended December 31, 2022, 2021 and 2020.

Amounts for Compensation Actually Paid in the tables below have been calculated in accordance with Item 402(v) and do not represent amounts actually earned by or paid to our current and former NEOs for the fiscal years ended December 31, 2022, 2021 and 2020.

A substantial portion of the amounts reported in the Compensation Actually Paid columns in the tables below relates to changes in the fair value of unvested Angi equity awards over the course of the relevant fiscal year and fiscal year over fiscal year. The fair value of such awards changes as the market price of Angi Class A common stock changes, and the vesting of such awards is subject to continued service through the applicable vesting dates (and in the case of certain awards, the satisfaction of certain performance conditions). As a result, the value that may be realized by our current NEOs related to their unvested Angi equity awards cannot be determined as of the date of this proxy statement and can only be determined on the applicable vesting dates for such awards.

The valuation assumptions and methodologies, as applicable, used to calculate the fair value of Angi equity awards as of the end of each fiscal year did not materially differ from those used to calculate the value of such awards as of the applicable grant date. The fair value of outstanding Angi equity awards at vesting is calculated by multiplying the closing price of Angi Class A common stock on the vesting date by the number of awards so vesting.

(5) Total shareholder return ("TSR") reflects the cumulative total return (assuming dividend reinvestment, as applicable) of Angi Class A common stock and the Russell 1000 Technology Index (a peer issuer selected in accordance with SEC rules), in each case, based on \$100.00 invested at the close of trading on December 31, 2019 through December 30, 2022. Historical stock performance is not necessarily indicative of future stock performance.

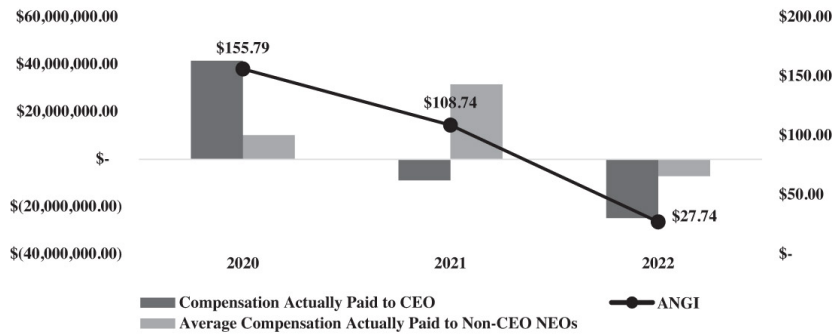

Financial Performance Measures

All Angi NEOs are generally eligible for annual cash bonuses and long-term incentives on a discretionary basis. For the fiscal years covered in the tables above, Angi's executive compensation program did not link compensation to be paid to our NEOs to the achievement of one or more specified financial performance measures, nor did it rely on other formulaic or other arithmetic approaches to determine such compensation. See Compensation Discussion and Analysis for more information on annual cash bonuses paid for 2022 performance and Angi equity awards granted to our NEOs in 2022.

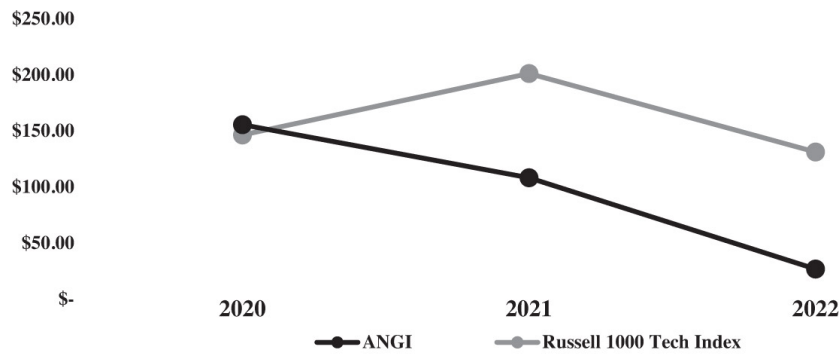

Relationship Between CAP and Performance Measures

The charts below describe the relationship between Compensation Actually Paid to our Chief Executive Officer (on a combined basis for years in which there were two CEOs) and non-CEO NEOs (as calculated above) and Company TSR, Industry Index TSR and GAAP Net (Loss) Earnings.

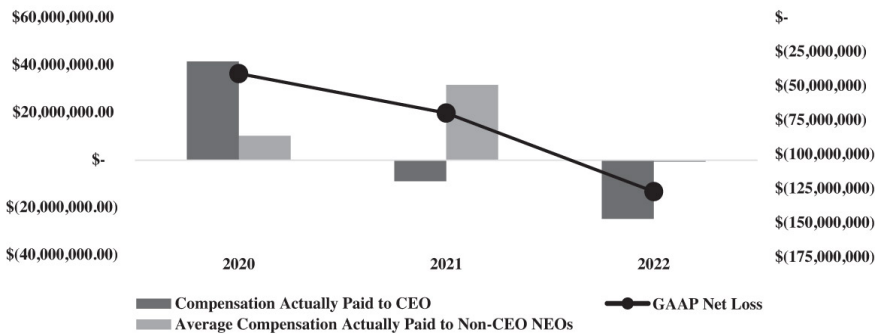

Compensation Actually Paid v. ANGI TSR

ANGI TSR v. Russell 1000 Tech Index TSR

Compensation Actually Paid v. GAAP Net Loss⁽¹⁾

(1) Since Angi's executive compensation program does not generally use GAAP Net Loss as a financial performance measure for purposes of determining compensation to be paid to our NEOs, any correlation between our GAAP Net Loss and the compensation that we pay our NEOs and CAP to our NEOs is a coincidence.

PAY RATIO DISCLOSURE

In accordance with Item 402(u) of Regulation S-K of the Securities Act of 1933, as amended, we are disclosing the ratio of our median employee's annual total compensation to annual total compensation of the two Chief Executive Officers that served during 2022 (Messrs. Levin and Hanrahan) on a combined basis (the "2022 Pay Ratio").

For the fiscal year ended December 31, 2022: (i) the estimated median of the annual total compensation of all Angi employees (other than Messrs. Levin and Hanrahan) was approximately \$68,775, (ii) the total annual compensation of Messrs. Levin and Hanrahan, as reported in the Summary Compensation Table on page 28, on a combined basis was \$5,207,568 and (iii) the ratio of annual total compensation of Messrs. Levin and Hanrahan to on a combined basis to the median of the annual total compensation of our other employees was approximately 76 to one.

In making the determination of the median employee above, we first identified our total number of employees as of October 1, 2022 (4,880 in total, 4,291 of which were located in the United States and 589 of which were collectively located in various jurisdictions outside of the United States). We then excluded employees located in Colombia (3), France (93) and Mexico (13), which represented less than 5% of our total number of employees. After excluding these employees, our pay ratio calculation included 4,771 of our total 4,880 employees.

To identify the median employee above from this employee population, we then compared the amount of annual total compensation paid to these employees in 2022 in a consistent manner across the applicable employee population. For this purpose, annual total compensation is total income, excluding income related to stock-based compensation awards, paid to such employees and reported to the Internal Revenue Service in the United States (and equivalent amounts paid to such employees located outside of the United States and reported to the relevant tax authorities). We then annualized the compensation of employees who were hired in 2022 but did not work for us for the entire year. After we identified the median employee, we determined such employee's total annual compensation in the same manner as we determined the total annual compensation for our two Chief Executive Officers disclosed in the Summary Compensation Table on page 28.

The 2022 Pay Ratio set forth above is a reasonable estimate calculated in a manner consistent with applicable SEC rules, based on the methodologies and assumptions described above. SEC rules for identifying the median employee and determining the related pay ratio permit companies to use a wide range of methodologies, estimates and assumptions. As a result, the pay ratios reported by other companies may be based on other permitted methodologies and/or assumptions, and as a result, are likely not comparable to our 2022 Pay Ratio.

DIRECTOR COMPENSATION

Non-Employee Director Compensation Arrangements. The Angi board of directors has primary responsibility for establishing non-employee director compensation arrangements, which have been designed to provide competitive compensation necessary to attract and retain high quality non-employee directors and to encourage ownership of Angi Class A common stock to further align the interests of our non-employee directors with those of our stockholders. Arrangements in effect during 2022 provided that: (i) each non-employee director receive an annual retainer in the amount of \$50,000, (ii) each member of the Audit, Executive Compensation and Compensation and Human Capital Committees (including their respective Chairpersons) receive an additional annual retainer in the amount of \$10,000, \$5,000 and \$5,000, respectively, and (iii) the Chairpersons of each of the Audit, Executive Compensation and Compensation and Human Capital Committees receive an additional annual retainer in the amount of \$20,000, with all amounts being paid quarterly, in arrears. Members (including the Chairpersons thereof) of both the Executive Compensation and Compensation and Human Capital Committees only receive one committee and Chairperson annual retainer.

In addition, these arrangements also provide that each non-employee director receive a grant of Angi RSUs with a dollar value of \$250,000 upon his or her initial election to the Board and annually thereafter upon re-election on the date of Angi's annual meeting of stockholders, the terms of which provide for: (i) vesting in equal installments over three years on the anniversary of the grant date, (ii) cancellation and forfeiture of unvested Angi RSUs in their entirety upon termination of service with Angi and its subsidiaries and (iii) full acceleration of the vesting of Angi RSUs upon a change in control of Angi. Directors may elect to defer the vesting and settlement of their annual Angi RSU grants by providing prior written notice to the Company.

The Company also reimburses non-employee directors for all reasonable expenses incurred in connection with attendance at Angi board of directors and committee meetings. For purposes of these compensation arrangements, non-employee directors are those directors who are not employed by (or otherwise providing services to) Angi or IAC.

2022 Non-Employee Director Compensation. The table below provides the amount of: (i) fees earned by non-employee directors for services performed during 2022 and (ii) the grant date fair value of Angi RSU awards granted in 2022.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Exchange Act requires the Company’s directors, certain of the Company’s officers and persons who beneficially own more than 10% of a registered class of the Company’s equity securities to file initial statements of beneficial ownership (Form 3) and statements of changes in beneficial ownership (Forms 4 and 5) of Angi Class A common stock and other equity securities of the Company with the SEC. Directors, officers and greater than 10% beneficial owners are required by SEC rules to furnish the Company with copies of all such forms they file. Based solely on a review of the copies of such forms furnished to the Company (and/or available on the SEC’s website) and/or written representations that no additional forms were required, the Company believes that its directors, officers and greater than 10% beneficial owners complied with these filing requirements in 2022.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Review of Related Person Transactions

The Audit Committee has a formal, written policy that requires an appropriate review of all related person transactions by the Audit Committee, as required by Marketplace Rules governing conflict of interest transactions. For purposes of this policy, consistent with the Marketplace Rules, the terms “related person” and “transaction” are determined by reference to Item 404(a) of Regulation S-K under the Securities Act of 1933, as amended (“Item 404”). In connection with its review, the Audit Committee considers: (i) the parties to the transaction and the nature of their affiliation with Angi and the related person, (ii) the dollar amount involved in the transaction, (iii) the material terms of the transaction, including whether the terms of the transaction are ordinary course and/or otherwise negotiated at arms’ length, (iv) whether the transaction is material, on a quantitative and/or qualitative basis, to Angi and/or the related person, and (v) any other facts and circumstances that the Audit Committee deems appropriate.

Relationships Involving Significant Stockholders

Allocation of CEO Compensation and Certain Expenses. Effective October 10, 2022, Joseph Levin, Chairman of Angi and Chief Executive Officer of IAC, was appointed Chief Executive Officer of Angi. Following this appointment, Mr. Levin serves as both Chief Executive Officer of Angi and IAC. For the period from October 10, 2022 to December 31, 2022, IAC allocated approximately \$2.1 million in costs to Angi (including salary, benefits, stock-based compensation and costs related to the Mr. Levin’s office). These costs were allocated from IAC based upon time spent on Angi by Mr. Levin. Angi management considers the allocation method to be reasonable. In addition, IAC billed Angi for costs directly attributable to Angi during the period referred to above that were initially paid for by IAC. Going forward, Angi and IAC have agreed that these costs will continue to be allocated from IAC (and IAC will continue to bill Angi for costs directly attributable to Angi that are initially paid by IAC) in accordance with the allocation methodology described above and such methodology will be reviewed periodically, as appropriate.

Arrangements Related to the Combination. For purposes of the disclosure set forth under this caption: (i) “Combination” refers to the combination of the HomeAdvisor Business (as defined below) and Angie’s List, Inc., which transaction was completed on September 29, 2017, and (ii) “HomeAdvisor Business” refers, prior to the Combination, to the businesses and operations, the results of which were reported in IAC’s former HomeAdvisor segment.

Certain agreements described below govern our relationship with IAC following the Combination, including a contribution agreement, an investor rights agreement, a services agreement, a tax sharing agreement, an employee matters agreement and certain commercial agreements.

Under the contribution agreement: (i) we agreed to assume all of the assets and liabilities related to the HomeAdvisor Business and indemnify IAC against any losses arising out of any breach by us of the contribution agreement or any other transaction-related agreement described below and (ii) IAC agreed to indemnify us against any losses arising out of any breach by IAC of the contribution agreement or any other transaction-related agreement described below.

Under the investor rights agreement, IAC has certain registration, preemptive and governance rights related to us and the shares of Angi capital stock it holds. The investor rights agreement also provides certain governance rights for the benefit of stockholders other than IAC.

The services agreement currently governs services that IAC has agreed to provide to us through September 29, 2023, with automatic renewal for successive one (1) year terms, subject to IAC's continued ownership of a majority of the total combined voting power of our voting stock and any subsequent extension(s) or truncation(s) agreed to by us and IAC. Services currently provided to us by IAC pursuant to this agreement include: (i) assistance with certain legal, M&A, finance, risk management, internal audit and treasury functions, health and welfare benefits, information security services and insurance and tax affairs, including assistance with certain public company and unclaimed property reporting obligations, and (ii) accounting, investor relations and tax compliance services. The scope, nature and extent of services may be changed from time to time as we and IAC may agree.

We were charged approximately \$3.8 million by IAC for services provided in 2022 pursuant to the services agreement and there were outstanding payables for services provided pursuant to the services agreement in the amount of approximately \$0.8 million as of December 31, 2022.

The tax sharing agreement governs our and IAC's rights, responsibilities and obligations with respect to tax liabilities and benefits, entitlements to refunds, preparation of tax returns, tax contests and other tax matters regarding U.S. federal, state and local and foreign income taxes. Under the tax sharing agreement, we are generally responsible and required to indemnify IAC for: (i) all taxes imposed with respect to any consolidated, combined or unitary tax return of IAC or its subsidiaries that includes us or any of our subsidiaries (to the extent attributable to us or any of our subsidiaries, as determined under the tax sharing agreement) and (ii) all taxes imposed with respect to any consolidated, combined, unitary or separate tax returns of us or our subsidiaries.

At December 31, 2022, there were outstanding payables due to IAC pursuant to the tax sharing agreement in the amount of approximately \$1.4 million. There were no payments to or refunds from IAC pursuant to this agreement at December 31, 2022.

The employee matters agreement addresses certain compensation and benefit issues related to the allocation of liabilities associated with: (i) employment or termination of employment, (ii) employee benefit plans and (iii) equity awards. Under the employee matters agreement, our employees participate in IAC's U.S. health and welfare plans, 401(k) plan and flexible benefits plan and we reimburse IAC for the costs of such participation. In the event that IAC no longer retains shares representing at least 80% of the aggregate voting power of shares entitled to vote in the election of the Angi board of directors, we will no longer participate in IAC's employee benefit plans, but will establish our own employee benefit plans that will be substantially similar to the plans sponsored by IAC.

Pursuant to the employee matters agreement, we are required to reimburse IAC for the cost of any IAC equity awards held by our current and former employees, with IAC electing to receive payment either in cash or shares of Angi Class B common stock. This agreement also provides that IAC may require Prior Plan Awards and equity awards denominated in shares of Angi subsidiaries to be settled in either shares of Angi Class A common stock or IAC common stock. To the extent shares of IAC common stock are issued in settlement of these awards, we are obligated to reimburse IAC for the cost of those shares by issuing shares of Angi Class A common stock in the case of Prior Plan Awards and shares of Angi Class B common stock in the case of equity awards denominated in shares of Angi subsidiaries.

No shares of Angi Class A common stock nor Angi Class B common stock were issued to IAC as reimbursement for shares of IAC common stock issued in connection with the settlement of equity awards held by Angi employees during 2022 or the quarter ended March 31, 2023.

Lastly, in the event of a distribution of Angi capital stock to IAC stockholders in a transaction intended to qualify as tax-free for U.S. federal income tax purposes, the Compensation and Human Capital Committee of the IAC board of directors has the exclusive authority to determine the treatment of outstanding IAC equity awards. Such authority includes (but is not limited to) the ability to convert all or part of IAC equity awards outstanding immediately prior to any such distribution into equity awards

denominated in shares of our Class A Common Stock, which we would be obligated to assume and which would be dilutive to Angi stockholders.

We sublease certain office space to IAC and billed IAC approximately \$1.7 million of rent for the year ended December 31, 2022. IAC subleases certain office space to Angi and billed us approximately \$1.3 million of rent for the year ended December 31, 2022. At December 31, 2022, there were no outstanding receivables due from IAC pursuant to the related sublease agreements.

Pursuant to a marketing services agreement with an IAC business, Angi paid approximately \$7.0 million to such business for marketing services provided in 2022.

Relationships Involving Directors

Employment Agreement with Ms. Hicks Bowman. Pursuant to an employment agreement between the Company and Ms. Hicks Bowman dated as of May 1, 2017, Ms. Hicks Bowman is eligible to receive an annual base salary (for 2022 and currently, \$500,000), discretionary annual cash bonuses (Ms. Hicks Bowman received \$185,000 for her 2022 performance) and such other employee benefits (for 2022, Ms. Hicks Bowman received a 401(k) plan Company match in the amount of \$8,250) as may be determined by the Company from time to time.

Upon a termination of her employment without cause or her resignation for good reason (both as defined in her employment agreement), subject to her execution and non-revocation of a release and compliance with the restrictive covenants set forth in her employment agreement: (i) the Company will continue to pay Ms. Hicks Bowman her annual base salary and provide continued health care coverage (through reimbursement on an after-tax basis of related premiums) for twelve (12) months following such termination or resignation and (ii) any then vested Angi stock options will remain exercisable through the earlier of: (A) eighteen (18) months following such termination or resignation or (B) the scheduled expiration date of such awards.

Pursuant to her employment agreement, Ms. Hicks Bowman is bound by covenants not to: (i) compete with Angi and its businesses during the term of her employment and for twelve (12) months thereafter and (ii) solicit Angi employees or business partners during the term of her employment and for eighteen (18) months thereafter. In addition, Ms. Hicks Bowman has agreed not to use or disclose any confidential information regarding Angi and/or its affiliates.

The employment agreement provides for an initial term of one (1) year and provides for automatic renewals for successive one (1) year terms absent written notice from the Company or Ms. Hicks Bowman sixty (60) days prior to the expiration of the then-current term.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to send one Notice or one set of printed proxy materials, as applicable, to any household at which two or more stockholders reside if they appear to be members of the same family or have given their written consent (each stockholder continues to receive a separate proxy card). This process, which is commonly referred to as “householding,” reduces the number of duplicate copies of materials stockholders receive and reduces printing and mailing costs. Only one Notice or one set of printed proxy materials, as applicable, will be sent to stockholders eligible for householding unless contrary instructions have been provided. Once you have received notice that your broker or Angi will be householding your materials, householding will continue until you are notified otherwise, or you revoke your consent. You may request a separate Notice or set of printed proxy materials by sending a written request to Angi Investor Relations, c/o IAC Inc., 555 West 18th Street, New York, New York 10011, by calling 1.212.314.7400 or by e-mailing *ir@angi.com*. Upon request, we undertake to deliver such materials promptly.

If at any time: (i) you no longer wish to participate in householding and would prefer to receive a separate Notice or set of our printed proxy materials, as applicable, or (ii) you and another stockholder sharing the same address wish to participate in householding and prefer to receive one Notice or set of our printed proxy materials, as applicable, please notify your broker if you hold your shares in street name or Angi if you are a stockholder of record. You can notify us by sending a written request to Angi Investor Relations, c/o IAC Inc., 555 West 18th Street, New York, New York 10011, by calling 1.212.314.7400 or by e-mailing *ir@angi.com*.

20. Furnish the Audit Committee report required by the rules of the SEC to be included in the Company's annual proxy statement.

LIMITATION OF AUDIT COMMITTEE'S ROLE

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations or to determine that the Company's internal controls over financial reporting are effective. These are the responsibilities of management and the independent accounting firm. Additionally, the Audit Committee as well as the Board recognizes that members of the Company's management who are responsible for financial management, as well as the independent accounting firm, have more time, knowledge, and detailed information on the Company than do Committee members; consequently, in carrying out its oversight responsibilities, the Audit Committee is not providing any expert or special assurances with respect to the Company's financial statements or any professional certifications as to the independent accounting firm's work.
